**Dune: The Machine Crusade (Dune Universe Book 2)** By Brian Herbert, Kevin J. Anderson

The breathtaking vision and incomparable storytelling of Brian Herbert and Kevin Anderson's *Dune: The Butlerian Jihad*, a prequel to Frank Herbert's classic *Dune*, propelled it to the ranks of speculative fiction's classics in its own right. Now, with all the color, scope, and fascination of the prior novel, comes *Dune: The Machine Crusade*.

More than two decades have passed since the events chronicled in *The Butlerian Jihad*. The crusade against thinking robots has ground on for years, but the forces led by Serena Butler and Irbis Ginjo have made only slight gains; the human worlds grow weary of war, of the bloody, inconclusive swing from victory to defeat.

The fearsome cymeks, led by Agamemnon, hatch new plots to regain their lost power from Omnius--as their numbers dwindle and time begins to run out. The fighters of Ginaz, led by Jool Noret, forge themselves into an elite warrior class, a weapon against the machine-dominated worlds. Aurelius Venport and Norma Cenva are on the verge of the most important discovery in human history--a way to "fold" space and travel instantaneously to any place in the galaxy.

And on the faraway, nearly worthless planet of Arrakis, Selim Wormrider and his band of outlaws take the first steps to making themselves the feared fighters who will change the course of history: the Fremen.

Here is the unrivaled imaginative power that has put Brian Herbert and Kevin Anderson on bestseller lists everywhere and earned them the high regard of readers around the globe. The fantastic saga of *Dune* continues in *Dune: The Machine Crusade*.

At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

### Editorial Review

From Publishers Weekly

SF space opera titans Herbert and Anderson continue to investigate the tantalizing origins of Frank Herbert's Dune universe, this time achieving mixed results in their fifth action-packed collaboration, the bloated but occasionally brilliant second installment of the trilogy that started with *Dune: The Butlerian Jihad* (2002). Twenty-four years have passed since the independent Thinking Machine, Erasmus, killed Serena Butler's son and began a bloody Holy War against Omnis, a computer "evermind." Leading the League's Army of the Jihad are Primeros Xavier Harkonnen and Vorian Atreides, the son of cymek (human brain/robotic body) General Agamemnon, who, along with his fellow "semi-immortals," shares the computer evermind's wish to eradicate all unnecessary humans but secretly also wants to destroy Omnis. Harkonnen and Atreides loyally report to their Priestess leader, unknowingly the political puppet of Grand Patriarch Iblis Ginjo, a former Earth slave-master. Unfortunately, the short spacehopping chapters neglect some characterizations and more intriguing story lines, such as the Arrakis conflicts swirling around Selim Wormrider's growing outlaw band and the relationship of Erasmus with his human "son," in favor of too long battle segments and extraneous details about the emotionally remote Ginaz mercenary, Jool Noret. Despite the flaws, Dune fans will still enjoy the sweeping philosophical power that surfaces, invoking the senior Herbert's remarkable vision.

Years have passed since the Jihad against the overmind Omnis and the thinking machines blazed up in the instant that the robot Erasmus hurled an innocent toddler to his death. The child's mother, Serena Butler, is still the spiritual leader of the Jihadi, and the former slave foreman Iblis Ginjo is their political and military organizer. Vor Atreides and Xavier Harkonnen lead the fleet, Vor with a common touch and the good looks preserved by life-extending treatment, and Xavier with sheer determination and courage. But the decades-long war has cost countless lives and sapped the people's resolve. When Omnis makes a startling offer of peace, Serena knows it is a terrible mistake to compromise with machine intelligence but can't naysay her exhausted followers. In a desperate move to save the Jihad and the millions of enslaved humans on machine-dominated worlds, Serena goes as the sole ambassador of peace to Omnis' stronghold on the planet Corrin. Meanwhile, an isolated physicist is discovering how to fold space, Selim of Arrakis is building a tribe and a legend, and Iblis is making a demonic deal with the flesh merchants of Tleilax to provide organ replacements for the Jihadi army. Organizing a dozen plotlines takes time, so sit back and enjoy the nearly 700-page ride.

### Review

'Congratulations to Herbert and Anderson for transporting us back to this richly excavated world...A spicy melange treat for both new and long-time fans of the series' Billy Dee Williams (of Star Wars, *Lady Sings the Blues* etc) House Harkonnen is compulsive reading. I certainly enjoyed meeting pardot Kynes and Liet, learning more about the Freman, as well as Gurney Halleck, Duncan Idaho and the Lady Jessica. Such vile villains...and such a fascinating description of splendid places. Anne McCaffrey on House Harkonnen Those who long to return to the world of desert, spice and sandworms will be amply satisfied The Times 'Brian Herbert and Kevin J Anderson succeed in weaving their own intricate saga. *Dune: House Atreides* does its predecessors justice.' USA Today *House Atreides* is a terrific prequel, but it's also a first-rate adventure on its own. Frank Herbert would surely be delighted and proud of this continuation of his vision. Dean Koontz 'In

writing a prequel to what is arguably the best science fiction novel of all time, Brian Herbert and Kevin J Anderson set themselves a monumental task. They succeed brilliantly. This cynical old critic found himself engrossed from page one, and eagerly looks forward to the rest of the series. Buy it now!' Dave Wolverton (NYT bestselling author) 'All these characters and themes will be familiar to fans of the original Dune novels. But new twists added by Herbert and Anderson will have fans, both old and new, turning pages. Having done their research well, Herbert and Anderson have succeeded in laying out the foundation for a new trilogy that will amplify the original novels and stand firmly as a class act in its own right.' - Dorman T Schindler, St Petersburg Times on HA 'This book is written in a style so close to the original that it is hard to believe Frank Herbert did not direct it through some mysterious genetic link - maybe he did. Did I like it? Hey, I'm a Dune addict myself. I can't wait for the sequel to the prequel' - Mark Graham, Rocky Mountain News on HA ...a rousing story that juggles eight or so plot lines with ease. The first of a trilogy, the book is written so that those who have never read Dune can start right here with the prequel.' - Michael Glitz, New York Post on HA 'The author's research and passion for the material have served them well. Dune: House Atreides captures the essence of Dune while illuminating further the workings of Frank Herbert's universe' - Seattle Times 'Dune: House Atreides is packed with action, great story lines and twists within twists about favorite Dune villains and heroes. The result is a winning combination that keeps the two in stride with Frank Herbert's vision.' - Beyond the Cover. '...a compelling story that will transport readers back to the world that changed science fiction forever' - Tattered Times, Denver, Colorado 'In a word satisfying: all Dune fans will want to investigate, newcomers will be tempted, and it should promise fresh interest in the magnificent original series' - Kirkus '...Herbert and Anderson have met the challenge admirably. Within a web of relationships in which no act has simple or predictable consequences, they lay the foundations of the Dune saga ... Even readers new to the saga will be able to follow it easily as the narrative weaves among the many interconnected tales. A TERRIFIC READ IN ITS OWN RIGHT ... Will inspire readers to turn, or return, to its great predecessor.' Publishers Weekly 'This trilogy stands alone...will appeal to Dune fans, and sci-fi addicts.' Bournemouth Daily Echo on THE MACHINE CRUSADE
