Foundation and Earth By Isaac Asimov

The fifth novel in Asimov's popular Foundation series opens with second thoughts. Councilman Golan Trevize is wondering if he was right to choose a collective mind as the best possible future for humanity over the anarchy of contentious individuals, nations and planets. To test his conclusion, he decides he must know the past and goes in search of legendary Earth, all references to which have been erased from galactic libraries. The societies encountered along the way become arguing points in a book-long colloquy about man's fate, conducted by Trevize and traveling companion Bliss, who is part of the first world/mind, Gaia.

Editorial Review

From Publishers Weekly

The fifth novel in Asimov's popular Foundation series opens with second thoughts. Councilman Golan Trevize is wondering if he was right to choose a collective mind as the best possible future for humanity over the anarchy of contentious individuals, nations and planets. To test his conclusion, he decides he must know the past and goes in search of legendary Earth, all references to which have been erased from galactic libraries. The societies encountered along the way become arguing points in a book-long colloquy about man's fate, conducted by Trevize and traveling companion Bliss, who is part of the first world/mind, Gaia. Springing from the same impulse that has fed his myriad nonfiction work, the novel's debate is enlivened by Asimov's fervid curiosity and his restless urge to explain everything, right down to the human passions that have largely vanished from his fiction. In fact, the characters, the tie-ins to Asimov's Robot series and the search's revelations suffer from the impersonal neatness that has handicapped Asimov's other fiction. He has, however, found an ingenious way around his clumsiness with novelistic narrative by employing a formal fairy tale structure in which the different worlds represent tasks or gifts or wishes, their fair aspect hiding a deadly surprise. As a result, this rather lightweight addendum to the series breathes in a way his heavier, more substantial books seldom do. Paperback rights to Ballantine/Del Rey; BOMC alternate.

From the Inside Flap

The fifth novel in Asimov's popular Foundation series opens with second thoughts. Councilman Golan Trevize is wondering if he was right to choose a collective mind as the best possible future for humanity over the anarchy of contentious individuals, nations and planets. To test his conclusion, he decides he must know the past and goes in search of legendary Earth, all references to which have been erased from galactic libraries. The societies encountered along the way become arguing points in a book-long colloquy about man's fate, conducted by Trevize and traveling companion Bliss, who is part of the first world/mind, Gaia.

About the Author

Isaac Asimov began his Foundation Series at the age of twenty-one, not realizing that it would one day be considered a cornerstone of science fiction. During his legendary career, Asimov penned over 470 books on subjects ranging from science to Shakespeare to history, though he was most loved for his award-winning science fiction sagas, which include the Robot, Empire, and Foundation series. Named a Grand Master of Science Fiction by the Science Fiction Writers of America, Asimov entertained and educated readers of all ages for close to five decades. He died, at age of seventy-two, in April 1992.

Users Review

From reader reviews:

Robert Nichols:

The book Foundation and Earth can give more knowledge and information about everything you want. Exactly why must we leave the good thing like a book Foundation and Earth? Some of you have a different opinion about reserve. But one aim that will book can give many details for us. It is absolutely appropriate. Right now, try to closer with the book. Knowledge or information that you take for that, you are able to give for each other; it is possible to share all of these. Book Foundation and Earth has simple shape but you know: it has great and big function for you. You can search the enormous world by available and read a reserve. So

it is very wonderful.

Eleanor Hotchkiss:

This Foundation and Earth book is simply not ordinary book, you have after that it the world is in your hands. The benefit you receive by reading this book is definitely information inside this guide incredible fresh, you will get facts which is getting deeper you read a lot of information you will get. This specific Foundation and Earth without we recognize teach the one who reading it become critical in imagining and analyzing. Don't become worry Foundation and Earth can bring when you are and not make your bag space or bookshelves' become full because you can have it with your lovely laptop even phone. This Foundation and Earth having fine arrangement in word as well as layout, so you will not sense uninterested in reading.

Chung England:

Your reading 6th sense will not betray you, why because this Foundation and Earth reserve written by well-known writer whose to say well how to make book that can be understand by anyone who also read the book. Written within good manner for you, leaking every ideas and creating skill only for eliminate your hunger then you still skepticism Foundation and Earth as good book not only by the cover but also from the content. This is one e-book that can break don't evaluate book by its protect, so do you still needing one more sixth sense to pick this kind of!? Oh come on your reading through sixth sense already said so why you have to listening to an additional sixth sense.

Gwendolyn Harrison:

Book is one of source of know-how. We can add our information from it. Not only for students but also native or citizen have to have book to know the change information of year to help year. As we know those ebooks have many advantages. Beside most of us add our knowledge, may also bring us to around the world. By the book Foundation and Earth we can take more advantage. Don't someone to be creative people? For being creative person must like to read a book. Merely choose the best book that ideal with your aim. Don't end up being doubt to change your life at this book Foundation and Earth. You can more pleasing than now.
