Editorial Review

From Publishers Weekly

Friedman, who twice garnered the Pulitzer as a New York Times correspondent in Lebanon and Israel, further delineates the two countries in this provocative, absorbing memoir cum political and social analysis. A condensed, incisive history of the Middle East is proffered, as well as personal reflections on his 10-year sojourn: the issue of Friedman's Jewishness in Beirut, the fact that he was the Times's first Jewish reporter in Israel, the bombing of his apartment in Beirut by the PLO, which took the lives of his Lebanese news assistant's children. A top-flight observer and interpreter, the author elucidates the complex religious factions obstructing Lebanese and Israeli politics; the agendas of various posturing, media-loving Arab and Israeli leaders; the perversity of daily life in "Wild West Beirut"; the wanton murder in Lebanon of U.S. marines and Palestinian refugees; America's fascination with Israel; the waning romance between Israeli and American Jews; and the Palestinian intifada.

From Library Journal

There have been any number of books that have worked hard at interpreting the melange called the Middle East. This one, however, makes a difference because it's so well written and captures the psychological mannerisms of the people of Lebanon and Israel--the first step to understanding some of the mysterious "why" that seems to elude the American public and government. Friedman's credentials are impressive: he spent six years of journalistic service for the New York Times in Beirut and Jerusalem, has won two Pulitzer prizes, and is now the Times's chief diplomatic correspondent. His writing is vastly descriptive, incredibly illuminating, very educational, and marvelously persuasive. His advice to U.S. diplomats is that since "Middle East diplomacy is a contact sport," they must bargain as grocers, or, in other words, realize that everything has a price and the sale can always be made with enough hard work. This title is highly recommended for all libraries. See also Sandra Mackey's *Lebanon: Death of a Nation*, reviewed below.
