Amazon.com Review

Elyon is a land of dark hills, enchanted forests, and great walls that connect and encircle the cities of Lathbury, Turlock, Lunenburg, and Bridewell like spokes in a wagon wheel. On her annual summer trips to Bridewell with her father, the mayor of Lathbury, Alexa Daley spends much of her time dreaming of escape. Having lived within the walls all of her 12 years, she wants nothing more than to explore the uncharted wilderness beyond. But, the walls are heavily guarded, and frightening legends suggest that forests and hills are no place for a child--especially a young girl. When a mysterious conversation and an unfortunate accident put Alexa within reach of a way outside the wall, she must decide--heed the warnings of her elders, or satisfy her curiosity and unravel the mysteries of Elyon.

Told from the perspective of its smart, brave, and adventurous heroine, *The Dark Hills Divide* invites readers on a spectacular and mysterious quest that will appeal to boys, girls, and fans of both fiction and fantasy. Patrick Carman is a natural storyteller, and his delightful debut is full of mysterious plots, hidden passageways, and all manner of dastardly, hilarious, and noble characters. Perfect for fans of J.K. Rowling, Philip Pullman, and Cornelia Funke, *The Dark Hills Divide* is so compulsively readable that kids (and their parents) will be clamoring for the second book in the proposed trilogy, *Beyond the Valley of Thorns*, due in 2005. --Daphne Durham

From School Library Journal

Grade 6-9—A mythical kingdom consisting of several walled cities and their access roads forms the backdrop for this initial title in a series by Patrick Carman. Alexa Daley, age 12, is visiting one of the towns with her father for a summer conclave of leaders. While walking with one of the eldest leaders, famous for erecting the walls to protect the region from outside threats, he dies mysteriously. Curious about what lies beyond the walls and unsatisfied with the explanations of why the wall is needed, Alexa takes a silver key from his hand, feeling sure he intended her to find it. Narrator Aasne Vigesaa clearly portrays Alexa's thoughtful, inquisitive nature and unsettled feelings that all is not well in her enclave. The fantasy develops as Alexa meets and learns to communicate with intelligent animals and a tiny man. The threats to her community's way of life develop dramatically as she must find the traitor in their midst and guard against the outside forces. Vigesaa's excellent use of pace, pitch, and tone help differentiate each character, including the talking animals. The

CDs use a disk number and musical starting cue as well as a repetition of the last line from the previous disk to help listeners keep track of their place. This fantasy will appeal to middle school students and fans of Tamora Pierce's *Circle of Magic* series.—*Jane P. Fenn, Corning-Painted Post West High School, NY*

Gr. 4-6. In the first book of the Land of Elyon trilogy, which was originally self-published in 2003 and became a sensation in the Pacific Northwest, 12-year-old Alexa Daley makes the annual trip with her father, the mayor of Lathbury, to Bridewell. She has always longed to see outside the wall surrounding the town, which had been built years earlier to keep out an unnamed evil. Indeed, Alexa does unravel mysteries outside the wall, which include a destructive threat to her world, as she discovers the magical power that is part of her destiny. Readers will easily identify with intrepid Alex, who tells her own story, and her tale is simple and exciting enough to appeal to both the usual fantasy crowd and children who may not otherwise be genre readers. *Sally Estes*
