Editorial Review

From Publishers Weekly

The third installment and first hardcover printing of Griffin's series of WWII espionage novels (originally published under the pseudonym Alex Baldwin) once again conjures up the year 1942, an era when men were boys and women were, well... large breasted. Between bed hopping and libidinous musings, intrepid secret agents Major Richard Caniday (who's really not a major) and Eric Fulmar, members of the fledgling OSS, aim to smuggle out of Germany the scientist whose knowledge of metallurgy holds the key to the Third Reich's development of jet engines. The professor has a lovely daughter, of course, who is being sexually used by the sleazy Nazis; she is also used by double agents in the German high command as a tool to help undermine Hitler's mad schemes. Other plot lines explore Fulmar's mission in Morocco and the Allies' attempt to develop a "flying bomb" of their own. Cameos by such historical figures as William "Wild Bill" Donovan, Joseph P. Kennedy Jr., David Niven and Peter Ustinov lend color to a story so cluttered with specific detail concerning uniforms, automobiles, airplanes and women's silk undergarments that readers may wonder how the war was won by people so obsessed by military protocol and mammary glands.

Anachronisms in speech further mar the story, but after one gets past the multiple PG-13-rated sex scenes and hackneyed plot, there are suspenseful scenes of subterfuge and derring-do. Unfortunately for those who didn't read the previous volumes and who may miss the next, this book stops rather than concludes, leaving many painstakingly embroidered subplots unresolved.

From Kirkus Reviews

First hardcover printing of the third volume of the Men at War trilogy, begun with *The Last Heroes* (1997) and *The Secret Warriors* (1999), both rousing well received reprints of softcover originals published under the pseudonym Alex Baldwin. *The Last Heroes* tells of Wild Bill Donovan's newly formed Office of Strategic Services (OSS) and how it learns about uranium ore in the Belgian Congo, vital to building the atomic bomb. In *The Secret Warriors*, the OSS has to drop agents into the Belgian Congo and smuggle out ore while avoiding German agents. Now, Donovan gets more involved with General Leslie Groves's supervision of building the A-bomb while simultaneously fighting off rival intelligence chiefs who don't need to know about the bomb. Meantime, Donovan's agents in Morocco, led by Second Lieutenant Eric Fulmar, are after two leading defectors; and meanwhile in England, Major Richard Caniday prepares to suck the secrets of the incredible new jet engine, as well as of the V-2 rocket bomb, out of Germany. Also on hand is a fated pilot, Lt. Joseph P. Kennedy, Jr. Since this episode ends in January 1943, there may be still further adventures with the OSS. In any eventdespite vast detail and readers likely familiarity with the OSSGriffins plot stays hot and moves at quicksilver speed. -- *Copyright ©1999, Kirkus Associates, LP. All rights reserved.*

Users Review

From reader reviews:

Antonio Duncan:

Reading a reserve can be one of a lot of activity that everyone in the world likes. Do you like reading book consequently. There are a lot of reasons why people enjoyed. First reading a reserve will give you a lot of new facts. When you read a reserve you will get new information because book is one of various ways to share the information or perhaps their idea. Second, looking at a book will make an individual more imaginative. When you studying a book especially fiction book the author will bring one to imagine the story how the characters do it anything. Third, you could share your knowledge to some others. When you read this Soldier Spies (Men at War), it is possible to tell your family, friends in addition to soon about yours e-book. Your knowledge can inspire average, make them reading a publication.

Anna Vinci:

Reading a reserve tends to be new life style within this era globalization. With examining you can get a lot of information which will give you benefit in your life. With book everyone in this world can share their idea. Guides can also inspire a lot of people. Plenty of author can inspire their very own reader with their story or their experience. Not only the storyline that share in the textbooks. But also they write about the data about something that you need case in point. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors in this world always try to improve their proficiency in writing, they also doing some research before they write to their book. One of them is this Soldier Spies (Men at War).

Rick Maldonado:

Beside that Soldier Spies (Men at War) in your phone, it might give you a way to get more close to the new knowledge or facts. The information and the knowledge you may got here is fresh from oven so don't end up being worry if you feel like an previous people live in narrow commune. It is good thing to have Soldier Spies (Men at War) because this book offers to you personally readable information. Do you sometimes have book but you do not get what it's exactly about. Oh come on, that won't happen if you have this inside your hand. The Enjoyable agreement here cannot be questionable, similar to treasuring beautiful island. So do you still want to miss the item? Find this book and also read it from now!

Kimberly Duda:

This Soldier Spies (Men at War) is completely new way for you who has attention to look for some information as it relief your hunger details. Getting deeper you upon it getting knowledge more you know or perhaps you who still having little digest in reading this Soldier Spies (Men at War) can be the light food for you personally because the information inside this specific book is easy to get by anyone. These books develop itself in the form and that is reachable by anyone, yes I mean in the e-book web form. People who think that in e-book form make them feel sleepy even dizzy this reserve is the answer. So there is not any in reading a reserve especially this one. You can find actually looking for. It should be here for anyone. So , don't miss the idea! Just read this e-book kind for your better life in addition to knowledge.
