### Editorial Review

#### From [Booklist](#)

Part of Libraries Unlimited's Professional Guides for Young Adult Librarians series, this title focuses on developing a young adult department from the ground up. In her introduction, Ludwig addresses why someone should become a teen-services librarian, how to get such a position, and why these positions are important, and she provides online resources. The book's eight chapters cover policies and administration, setting up a teen space, collection development, programming ideas, teen advisory boards, outreach, budgets, and professional development. Written in a friendly, first-person narrative, this title would be useful as a supplemental textbook, for new YA librarians with no mentors, or for librarians who find themselves thrust into a new role. --Esther Sinofsky

#### Review

Written in a friendly, first-person narrative, this title would be useful as a supplemental textbook, for new YA librarians with no mentors, or for librarians who find themselves thrust into a new role. - *Booklist*

Ludwig ... gives great advice on how to start teen programs. Her well-thought-out chapters focus on the main points ... This well-written and helpful book will be invaluable to both new and seasoned teen librarians as well as those thinking about pursuing a career working with teens. - *School Library Journal*

"This is a great book. . . . It offers useful and practical tips for building a teen library program from the ground up." - **Library Media Connection**

#### About the Author

Sarah Ludwig is academic technology coordinator at Hamden Hall Country Day School in Hamden, CT.; she has also worked as a public library department head and a school library director. She received her MLS from Simmons College, Boston, MA. Ludwig writes for various national publications and is a frequent speaker at local and national conferences. In 2010, she was selected as an American Library Association Emerging Leader.

### Users Review

#### From reader reviews:

##### **Kevin Primeaux:**

What do you think about book? It is just for students since they're still students or this for all people in the world, what the best subject for that? Merely you can be answered for that issue above. Every person has different personality and hobby for every single other. Don't to be obligated someone or something that they don't desire do that. You must know how great as well as important the book *Starting from Scratch: Building a Teen Library Program (Libraries Unlimited Professional Guides for Young Adult Librarians Series)*. All type of book are you able to see on many options. You can look for the internet resources or other social media.

**Christine Curnutt:**

Reading a book being new life style in this calendar year; every people loves to study a book. When you read a book you can get a large amount of benefit. When you read books, you can improve your knowledge, since book has a lot of information upon it. The information that you will get depend on what forms of book that you have read. If you need to get information about your review, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, this sort of us novel, comics, in addition to soon. The Starting from Scratch: Building a Teen Library Program (Libraries Unlimited Professional Guides for Young Adult Librarians Series) will give you a new experience in studying a book.

**Frederick Avelar:**

As a student exactly feel bored to reading. If their teacher expected them to go to the library or even make summary for some e-book, they are complained. Just small students that has reading's soul or real their pastime. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that reading through is not important, boring and can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Starting from Scratch: Building a Teen Library Program (Libraries Unlimited Professional Guides for Young Adult Librarians Series) can make you truly feel more interested to read.

**Ronald Smith:**

What is your hobby? Have you heard that question when you got learners? We believe that that issue was given by teacher with their students. Many kinds of hobby, Everybody has different hobby. And also you know that little person such as reading or as looking at become their hobby. You need to understand that reading is very important and book as to be the point. Book is important thing to include you knowledge, except your teacher or lecturer. You discover good news or update regarding something by book. A substantial number of sorts of books that can you take to be your object. One of them is actually Starting from Scratch: Building a Teen Library Program (Libraries Unlimited Professional Guides for Young Adult Librarians Series).
