## Editorial Review

### Review

"Every time I open his books, I'm amazed anew to discover how this writer, a single human being who rarely left his home town, created for us an entire world, an alternate dimension of reality. . . . His [stories] create a fantastic universe, a private mythology of one family, and are written in a language that brims with life, a language that is itself the main character of the stories and is the only dimension in which they could possibly exist. . . . On every page, life [is] raging, exploding with vitality, suddenly worthy of its name." —**David Grossman, *The New Yorker***

*"A masterpiece of comic writing; grave yet dignified, domestically plain yet poetic, exultant and forgiving, marvelously inventive, shy, and never raw."* —**The New York Review of Books**

*"Bruno Schulz was one of the great writers, one of the great transmogrifiers of the world into words. . . . [His] verbal art strikes us—stuns us, even—with its overload of beauty."* —

*"One of the most original imaginations in modern Europe."* —

*"Schulz cannot be easily classified. He can be called a surrealist, a symbolist, an expressionist, a modernist. . . . He wrote sometimes like Kafka, sometimes like Proust, and at times succeeded in reaching depths that neither of them reached. . . . If Schulz had been allowed to live out his life, he might have given us untold treasures, but what he did in his short life was enough to make him one of the most remarkable writers who ever lived."* —**Isaac Bashevis Singer**

*"Rich in fantasy, sensuous in their apprehension of the living world, elegant in style, witty, underpinned by a mystical but coherent idealistic aesthetic, *The Street of Crocodiles* and *Sanatorium Under the Sign of the Hourglass* were unique and startling productions, seeming to come out of nowhere. . . . Schulz was incomparably gifted as an explorer of his own inner life, which is at the same time the recollected inner life of his childhood and his own creative workings. From the first comes the charm and freshness of his stories, from the second their intellectual power."* —**J. M. Coetzee, *The New York Review of Books***
