## Understanding Equity & Trusts By Alastair Hudson

*Understanding Equity & Trusts* is a sister text to Professor Hudson's heavy-weight textbook *Equity & Trusts* and aims to give you a clear, accessible and comprehensive overview of the main themes in this dynamic area of the law. Whether used at the beginning of studying or in the period before examinations, this book will give you an invaluable grounding in all of the key principles of equity and the law of trusts.

This book covers all of the topics that a student reader will encounter in any trusts law or equity course. The text deals with express trusts, resulting and constructive trusts, the duties of trustees, breach of trust and tracing, commercial uses of trusts, charities, equitable remedies and trusts of homes. Extensive updates have been made to the text to consider several major new cases decided since the last edition, including: *Cobbe v Yeoman's Row*, *Thorner v Major*, *Stack v Dowden*, *Jones v Kernott*, *White v Shortall*, *Re Lehman Brothers International*, *Brazzill v Willoughby*, *Mills v Sportsdirect.com*, *Breakspear v Ackland*, *Sinclair Investments v Versailles*, *Curtis v Pulbrook*, *Kaye v Zeital*, *Annabel's v HMRC*, *Porntip Stallion v Albert Stallion Holdings*, the new law on super-injunctions, the Companies Act 2006 and the Perpetuities and Accumulations Act 2009.

The law of trusts is built on simple basic principles. The approach of this book is to begin with a clear presentation of those principles before guiding the reader through the more complex issues which are the focus of examinations in this subject. The lively text includes a large number of straightforward examples to make the discussion of the general law more accessible.

### Online support

Visit the author's website at <http://www.alastairhudson.com> in order to find podcasts of specially-recorded lectures covering the basic principles of a whole trusts law course and much more.
