## Logic: A Very Short Introduction By Graham Priest

Logic is often perceived as having little to do with the rest of philosophy, and even less to do with real life. In this lively and accessible introduction, Graham Priest shows how wrong this conception is. He explores the philosophical roots of the subject, explaining how modern formal logic deals with issues ranging from the existence of God and the reality of time to paradoxes of probability and decision theory. Along the way, the basics of formal logic are explained in simple, non-technical terms, showing that logic is a powerful and exciting part of modern philosophy.

**About the Series:** Combining authority with wit, accessibility, and style, **Very Short Introductions** offer an introduction to some of life's most interesting topics. Written by experts for the newcomer, they demonstrate the finest contemporary thinking about the central problems and issues in hundreds of key topics, from philosophy to Freud, quantum theory to Islam.

### Editorial Review

#### Review

"This book is terrific... It covers a lot of ground, but in a wonderfully relaxed and interesting way."-Simon Blackburn, University of Cambridge and author of *Think*

"This text is ideal for giving students a quick introduction to formal logic or for adding pizzazz to an otherwise dry logic course."--Glenn Ross, Franklin & Marshall College

#### About the Author

**Graham Priest** is Professor of Philosophy at the University of Queensland. He has also held positions at the University of St Andrews and the University of Western Australia. He is the author of *In Contradiction*, *Beyond the Limits of Thought*, and over 100 articles in philosophy books and journals. He has held visiting positions in universities in Australia, the United Kingdom, the United States, Russia, and Brazil, and is a Fellow of the Australian Academy of Humanities.

### Users Review

#### From reader reviews:

##### **Benjamin Holmes:**

Playing with family within a park, coming to see the sea world or hanging out with close friends is thing that usually you may have done when you have spare time, then why you don't try thing that really opposite from that. One particular activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love Logic: A Very Short Introduction, it is possible to enjoy both. It is very good combination right, you still need to miss it? What kind of hangout type is it? Oh can occur its mind hangout people. What? Still don't understand it, oh come on its called reading friends.

##### **Mary Goldstein:**

This Logic: A Very Short Introduction is great book for you because the content that is certainly full of information for you who also always deal with world and have to make decision every minute. This specific book reveal it information accurately using great organize word or we can say no rambling sentences in it. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only gives you straight forward sentences but difficult core information with splendid delivering sentences.
