Still Life: A Novel By Joy Fielding

New York Times bestselling author Joy Fielding delivers a riveting tale of suspense about a young woman caught in a nightmare somewhere between life and death.

Beautiful, happily married, and the owner of a successful interior design business, Casey Marshall couldn't be more content with her life, until a car slams into her at almost fifty miles an hour, breaking nearly every bone in her body and plunging her into a coma. Lying in her hospital bed, Casey realizes that although she is unable to see or communicate, she can hear everything. She quickly discovers that her friends aren't necessarily the people she thought them to be -- and that her accident might not have been an accident at all. As she struggles to break free from her living death, she begins to wonder if what lies ahead could be even worse.

"It is Fielding's ability to get under the skin of her characters -- and her readers -- that has made her such a dependably bestselling author," says the *Calgary Herald*. Smart, suspenseful, and overwhelmingly addictive, *Still Life* is a novel her fans won't soon forget.

Editorial Review

From [Booklist](#)

Casey Marshall has it all: a successful interior-design business; a handsome, loving husband; wonderful friends; and a boatload of family money at her disposal. But just as she's contemplating starting a family, she's the victim of a hit-and-run accident that leaves her in a coma. But she's not completely out of it, so she's a witness to everything that happens in her hospital room. But is that so bad? Isn't it everyone's dream to be a fly on the wall, to hear what might be said at our funerals? Even though Casey is privy to everyone's "private" remarks and conversations as they visit, she feels trapped and helpless, especially when it becomes abundantly clear that the incident with the car was no accident. Her frustration mounts as her sister, the wayward but bighearted Drew, becomes a suspect, along with everyone close to her. While not narrated in first person, the action revolves around Casey's experiences and perceptions. Fielding makes the most of this intriguing premise without succumbing to gimmicky plot tricks. The moment that Casey solves her own attempted murder is truly riveting, and the anxiety she feels as she tries to avoid the would-be murderer's completion of his task is palpable. A heart-pounding mainstream thriller. --Mary Frances Wilkens

Review

"Fielding is a master of anticipation and knows how to create a labyrinth of tension, never providing an exit until the very last page." — *The Globe and Mail*
