### The Path By Peter Riva

**All life on earth is about to be terminated by an entity as old as the galaxy itself. To make matters worse, Simon has broken everything already.**

In a future world that is run by computer systems and that is without want, how can a man find his role? Then, if the very computers he works on to try to make them more human suddenly try to kill him, revealing a secret so vast that it affects every living soul on the planet, can that man be a hero?

These are the questions that face the stumbling, comic, and certainly flawed Simon Bank. His job is to work with the System's artificial intelligence, making it fit more perfectly into human society so that it can keep the country running smoothly. But when the System threatens the peaceful world he knows, Simon suddenly must rush to save his own life, as well as the life of everyone on earth. Forced to reassess everything that he thought he knew, he is caught within circumstances way beyond his control.

Simon's only hope is to rely on intellect and instincts he didn't know he had, and on new friends, not all of them human, to change himself and all humanity. And he doesn't have much time.

Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a *New York Times* bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.

### Editorial Review

#### Review

Reading Peter Riva's science fiction novel *The Path* (Book 1 of the TAG series) felt like diving into a world entirely different from our own yet so immersive that upon returning to the surface we call "reality", I had to open my window to catch some fresh air (more like "chilling winds") as I reflected on the novel's mind-bending concepts and thought-provoking investigations about humans, machines, and the things that set them apart. *The Path* is like the virtual *Heart of Darkness* minus the "darkness" or a potent potion that some might not dare to consume, but its effects are tantalizing.

*The Path* is a remarkable experience that brings us to an alien but realistic world, a fascinating exploration of the human mind, its psychological aspects, and the possibility of humanizing machines through assimilation.

I've wrapped my mind around this question: Is humanizing an A.I. truly possible? But I think the more important question is: Is the possibility of losing our human qualities that make us human --flaws, emotions, the tendency to learn from mistakes and choose our own paths instead of processing data through the machines' analogue ways -- more dangerous than machines outsmarting humans? Discover *The Path* that Riva has paved, and you might find an answer. - Jake Vyper, [fantascize.com](http://fantascize.com)

**"Thrilling... This cyberpunk world has its own laws of stretching brains wide with its mind-bending concepts."** --**Jake Vyper, *Fantascize.com***

."**I loved it. A Must Read!"** -- *NRC Books Blogspot*"

."**Warning: This book should be read with an Aspirin to help alleviate the brainpressure caused by the concepts related to the existence of human lifeand the universe as we don't know it.** "-- *IT Revolution*

"For people who love pure Sci-Fi, this book is a treat." - *Book and Ink*

"I had to open my window to catch some fresh air (more like "chilling winds") as I reflected on the novel's mind-bending concepts and thought-provoking investigations about humans, machines, and the things that set them apart. *The Path* is like the virtual *Heart of Darkness* minus the "darkness" or a potent potion that some might not dare to consume, but its effects are tantalizing..... it's a lot like Christopher Nolan's *Inception* minus the gravity-defying heist... Riva has written fantastic and humorous dialogues with smart-ass wordplays and literal implications that amazed." —Jake Vyper, [Fantascize.com](http://fantascize.com)

"A real page turner. I can't wait to see what this author has in store for us next." —*A Simple Life Really* Blog

"I loved it. A Must Read!" —*NCR Books* Blog

"Sometimes to grow and re-energize yourself as a person you need to feed your soul other things, and this is exactly what this book did for me. Pure science fiction enjoyment ~ ah." —*Take It Personally* Blog

"Riva's book is engaging and action-packed. . . . A definite recommend." —*Sahar's Book Blog*

“For people who love pure Sci-Fi, this book is a treat.” —*Book and Ink*

## About the Author

**Peter Riva** has worked for more than thirty years with the leaders in aerospace and space exploration. His daytime job for more than forty years has been as a literary agent. He resides in New York City.

## Users Review

### From reader reviews:

#### Rafael Runyan:

This book untitled The Path to be one of several books that will best seller in this year, this is because when you read this publication you can get a lot of benefit into it. You will easily to buy this kind of book in the book retail store or you can order it by using online. The publisher in this book sells the e-book too. It makes you easier to read this book, since you can read this book in your Cell phone. So there is no reason to you to past this reserve from your list.

#### Stephen Williams:

You may spend your free time you just read this book this book. This The Path is simple to bring you can read it in the park, in the beach, train in addition to soon. If you did not have got much space to bring often the printed book, you can buy the actual e-book. It is make you better to read it. You can save the book in your smart phone. Consequently there are a lot of benefits that you will get when you buy this book.

#### James Moore:

As a pupil exactly feel bored to help reading. If their teacher expected them to go to the library or to make summary for some guide, they are complained. Just minor students that has reading's spirit or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that reading through is not important, boring in addition to can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this The Path can make you feel more interested to read.

#### Michele Fernandez:

Reading a book make you to get more knowledge from this. You can take knowledge and information from a book. Book is prepared or printed or illustrated from each source which filled update of news. On this modern era like now, many ways to get information are available for you. From media social similar to newspaper, magazines, science e-book, encyclopedia, reference book, fresh and comic. You can add your understanding by that book. Do you want to spend your spare time to open your book? Or just looking for the The Path when you required it?
