Editorial Review

About the Author

Timothy Miller used to shock his teachers with his intellect, his lust for reading, and an insurmountable lack of interest in academic achievement. He left home at fifteen, worked at a dairy farm, a meatpacking plant, a pickle factory, a casino, and as a bouncer. While repairing telephone lines in New Orleans after Katrina, he began including stories in letters to his daughter. When he returned, he bought a laptop, learned to type, and found his universe forever changed.
