Fundamentals of Early Childhood Education (7th Edition) By George S. Morrison

This title is also available packaged with the Enhanced Pearson eText. To order the Enhanced Pearson eText packaged with a bound book, use ISBN 0133400875.

Now in its Seventh Edition, the best-selling *Fundamentals of Early Childhood Education* by renowned author and educator, George S. Morrison, remains keenly focused on what it means to be an early childhood professional in today's world. Providing a brief, reader-friendly introduction to the field, it presents engaging chapter features on early childhood programs, professionals in practice, diversity strategies, technology issues, and ethical decision-making. Separate chapters on infants and toddlers, preschoolers, kindergartners, and the primary grades explore young children's unique developmental and educational needs. *Fundamentals*' emphasis on professionalism throughout keeps the focus on meeting the needs of each and every child and providing up-to-date information and strategies to develop competent, informed early childhood professionals. This thoroughly revised edition offers a contemporary, accessible, user-friendly approach to all of the major topics, programs, and issues at the forefront of the field today. Comprehensive, yet brief, this text is a perfect resource for a variety of courses in early childhood education. The Enhanced Pearson eText features embedded video.

Editorial Review

From the Back Cover

Covers ages 0-8. George Morrison's trademark friendly and accessible writing tone is what sets this text apart from all others on the market. Not only is it a pleasure to read, but the low cost and brief presentation, now with embedded videos in the Pearson eText, makes it an excellent alternative to the full edition. User-friendly, contemporary, and comprehensive, this fundamental resource shows how to apply the theory directly to practice, offering the most concrete concepts and best practices applicable to real-classrooms and teaching young children in today's educational world.

About the Author

George S. Morrison is Professor of Early Childhood Education in the Department of Teacher Education and Administration, and a Next Generation Course Redesign Faculty Fellow in the College of Education at the University of North Texas. He teaches courses in early childhood education and teacher education to undergraduate and graduate students. Professor Morrison earned a Bachelor of Arts degree in History from Washington and Jefferson College, a Masters in Elementary Education from California State College of Pennsylvania, and an Ed. D. in Elementary and Early Childhood Education from the University of Pittsburgh. He is an experienced public school teacher and principal and has supervised student teachers. In addition to the University of North Texas, Dr. Morrison has been a professor at Edinboro University Pennsylvania and Florida International University.

Dr. Morrison's accomplishments include a Distinguished Academic Service Award from the Pennsylvania Department of Education, Outstanding Service and Teaching Awards from Florida International University, and the College of Education Faculty Excellence Teaching Award from the University of North Texas. A best-selling author, his other textbooks include *Early Childhood Education Today*, 12th ed. (also translated into Spanish, Mandarin Chinese, and Malay); *Teaching in America*, 5th ed.; *Education and Development of Infants, Toddlers, and Preschoolers*; *The World of Child Development*; *The Contemporary Curriculum*; and *Parent Involvement in the Home, School, and Community*.

A popular author, speaker, and presenter, Professor Morrison serves on the editorial boards of *Annual Editions: Early Childhood*; the *International Journal of Early Childhood Education*, and is a Senior Contributing Editor for the *Public School Montessorian*. He contributes his opinions and ideas to a wide-range of publications. The focus of his speaking engagements and presentations include the future of early childhood education, the globalization of early childhood education, the changing roles of teachers, the influence of contemporary educational reforms on education, and the application of best practices to early childhood education. Professor Morrison also lectures, conducts seminars, and gives keynotes addresses on topics of early childhood education in Thailand, Taiwan, China, South Korea, and the Philippines. He and his graduate and undergraduate students present regularly at the Annual Convention of the National Association for the Education of Young Children. Currently, Professor Morrison's scholarship focuses on course redesign, blended learning, early childhood teacher professional development, early childhood curriculum development, early literacy and reading, faith-based early childhood programs, and cross-cultural/national early childhood programs.

Users Review

From reader reviews:

Pamela Steele:

In other case, little persons like to read book Fundamentals of Early Childhood Education (7th Edition). You can choose the best book if you like reading a book. Providing we know about how is important a new book Fundamentals of Early Childhood Education (7th Edition). You can add know-how and of course you can around the world by way of a book. Absolutely right, since from book you can understand everything! From your country right up until foreign or abroad you may be known. About simple factor until wonderful thing you may know that. In this era, we are able to open a book or maybe searching by internet unit. It is called e-book. You can utilize it when you feel uninterested to go to the library. Let's go through.

Michael Durkin:

Your reading sixth sense will not betray a person, why because this Fundamentals of Early Childhood Education (7th Edition) book written by well-known writer we are excited for well how to make book that could be understand by anyone who all read the book. Written inside good manner for you, still dripping wet every ideas and producing skill only for eliminate your hunger then you still question Fundamentals of Early Childhood Education (7th Edition) as good book not only by the cover but also by content. This is one book that can break don't judge book by its handle, so do you still needing one more sixth sense to pick this specific!? Oh come on your examining sixth sense already said so why you have to listening to yet another sixth sense.

Randall James:

Do you like reading a book? Confuse to looking for your chosen book? Or your book had been rare? Why so many question for the book? But almost any people feel that they enjoy for reading. Some people likes reading, not only science book but in addition novel and Fundamentals of Early Childhood Education (7th Edition) or perhaps others sources were given information for you. After you know how the truly great a book, you feel desire to read more and more. Science guide was created for teacher or perhaps students especially. Those books are helping them to include their knowledge. In some other case, beside science e-book, any other book likes Fundamentals of Early Childhood Education (7th Edition) to make your spare time far more colorful. Many types of book like this.

Daniel Hayes:

As a student exactly feel bored to reading. If their teacher questioned them to go to the library or to make summary for some book, they are complained. Just minor students that has reading's heart and soul or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading really. Any students feel that studying is not important, boring along with can't see colorful pics on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Fundamentals of Early Childhood Education (7th Edition)

can make you feel more interested to read.
