Hegel's Phenomenology: The Sociality of Reason By Terry Pinkard

This book is the most detailed commentary on Hegel's Phenomenology of Spirit available and develops an independent philosophical account of the general theory of knowledge, culture, and history contained in it. Written in a clear and straightforward style, the book reconstructs Hegel's theoretical philosophy and shows its connection to the ethical and political theory. Terry Pinkard sets the work in a historical context and reveals the contemporary relevance of Hegel's thought to European and Anglo-American philosophers.

Editorial Review

Review

"At first glance this weighty biography of one of the most demanding Writers in the Western tradition may seem unlikely recommendation for nonspecialists. But the experience of reading it will challenge this judgment, as it will much received wisdom about the German philosopher Georg Wilhelm Friedrich Hegel (1770-1831)....Mr. Pinkard has written engrossingly if a supreme instance of the life dedicated to thinking. Richard Velkley, Washington Times

[Pinkard] takes Hegel's seemingly disconnected discussions and successfully weaves them together into a coherent argument. The result is a masterfully crafted and highly readable piece of Hegel scholarship." The Philosophical Quarterly

"Terry Pinkard has written an extremely clear and insightful book about Hegel's Phenomenology of Spirit. In concentrating attention on Hegel's account of the nature of our social existence and the history of our social practices, he has been able to explain a very great deal of the book's structure and development, and he has presented a challenging, contemporary account of Hegel's case for the social character of human rationality. This is as thoughtful and compelling a book on Hegel as one is likely to find in any language, from any period." Robert B. Pippin, University of Chicago

"Future works on Hegel's social thought must henceforth refer to this work." Howard N. Tuttle, Review of Metaphysics

"rescuing shipwrecked reputations is a thankless task...(amongst others) terry Pinkard's Hegel: A Biography (Cambridge) is a gallant rehabilitation of a flawed prophet. Whether we like them or not, we need to know about them." The Daily Telegraph, Daniel Johnson

From the Back Cover

The Phenomenology of Spirit is both one of Hegel's most widely read books and one of his most obscure. This book is the most detailed commentary on Hegel's work available. It develops an independent philosophical account of the general theory of knowledge, culture and history presented in the Phenomenology. In a clear and straightforward style, Terry Pinkard reconstructs Hegel's theoretical philosophy and shows its connection to ethical and political theory. He sets the work in a historical context and shows the contemporary relevance of Hegel's thought for European and Anglo-American philosophers. The principal audience for the book is teachers and students of philosophy, but the great interest in Hegel's work and the clarity of Pinkard's exposition ensure that historians of ideas, political scientists, and literary theorists will also read it.

Users Review

From reader reviews:

Bert Gomes:

As people who live in often the modest era should be upgrade about what going on or details even knowledge to make these people keep up with the era which can be always change and move ahead. Some of you maybe will probably update themselves by reading through books. It is a good choice for you personally

but the problems coming to a person is you don't know what kind you should start with. This Hegel's Phenomenology: The Sociality of Reason is our recommendation to help you keep up with the world. Why, since this book serves what you want and need in this era.

John Sherman:

Reading a book can be one of a lot of activity that everyone in the world likes. Do you like reading book therefore. There are a lot of reasons why people fantastic. First reading a e-book will give you a lot of new information. When you read a publication you will get new information since book is one of various ways to share the information as well as their idea. Second, looking at a book will make you actually more imaginative. When you examining a book especially tale fantasy book the author will bring someone to imagine the story how the characters do it anything. Third, you may share your knowledge to other individuals. When you read this Hegel's Phenomenology: The Sociality of Reason, it is possible to tells your family, friends and also soon about yours reserve. Your knowledge can inspire the others, make them reading a reserve.

Mary Cruz:

The particular book Hegel's Phenomenology: The Sociality of Reason has a lot details on it. So when you make sure to read this book you can get a lot of benefit. The book was authored by the very famous author. The writer makes some research ahead of write this book. That book very easy to read you can get the point easily after perusing this book.

Catherine Graziani:

As a student exactly feel bored to reading. If their teacher requested them to go to the library in order to make summary for some guide, they are complained. Just minor students that has reading's internal or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading really. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Hegel's Phenomenology: The Sociality of Reason can make you experience more interested to read.
