Innner Earth People And Outer Space People By Rev William L Blessing

CENSORED FOR CENTURIES BY THE CHURCH WITH THE BACKING OF WORLD LEADERS! Is There A Golden Paradise Inside Our Earth? Who Pilots The Ships We Call UFOs? Are They Here To Harm Or Help Us? Are the Residents Of This Subterranean World Angels or Devils? Quietly -- without public fanfare -- scientists search for the entrance to the inner earth. Such a discovery could possibly improve all our lives. . . as well as provide an endless source for fossil fuel. It could be that mankind may not be alone on this planet. Scripture actually speaks of a paradise inside the earth inhabited by giant plants, mythological creatures and even highly advanced human-like beings. Further, UFOs do exist, but only some of them come from outer space. And the ones that do come here from other planets may not be entirely friendly. We may have to learn to protect ourselves from their ungodly influences and desires. The author, William L. Blessing is a full gospel minister who wants to share vital information with you! Based on Scripture, Rev. Blessing is convinced that there are "three heavens that belong to the earth. The Apostle Paul tells us that he was 'caught up to the third heaven' and while in that heaven he 'heard unspeakable words which is not lawful for a man to utter.'" Blessing states that this area of "darkness" is inhabited by a very evil people. Beyond the darkness is the moon and then the asteroid or planetoid ring of inhabited places -- inhabited by the outer space people. Beyond this first heaven is a vaporous ring in which they are great quantities of ice." According to Blessing, "The Bible teaches us that there are people dwelling in the inside of the earth. For want to a better name I shall call them Inner Earth People. I would estimate the population of the inner earth to be ten billion, or about five times more than those of us who live on the surface. "There are 200,000,000 pilots in the flying saucer corps in the inner earth. The name of their commander in chief is Apollyon, whose name in the Hebrew tongue is Abaddon, but in the Greek tongue hath is his name Apollyon." Blessing states: "They will soon, very soon, invade the surface of the earth. In fact, I believe that the invasion has already begun by an advance reconnaissance force that is flying out and over the surface, mapping the land areas and strategic places where they will strike in their all-out invasion!"

Editorial Review

Review

For those who like their paranormal reading liberally doused with Biblical references, this is the book for you. William L. Blessing may be a little known voice in the choir of the unexplained, but he has here produced a symphony of his own hard work, material assembled over a lifetime of diligent study of the scriptures and an honest rendering of the metaphysical strangeness he has experienced and born witness to.

Blessing skillfully builds his argument that the Bible makes clear reference to a world inside our Earth, the Inner Earth of the book's title. Those include verses about Christ descending into the Inner Earth to preach the gospel to the World of the Dead, as well as references in scripture to the fallen angels residing in their private Hell below our feet.

He also argues that there are many different races, of varying degrees of good and evil, occupying the UFOs that both emerge from inside the planet and invade us from the skies. Blessing's cosmology may seem a little labored and complex, but when one considers the time in which he was writing, the late 1950s shortly after the Russians had launched Sputnik, he seems nearly prescient about some things.

For instance, the serpentine race of aliens that is now so commonly reported in UFO abduction literature is predicted many years before its heyday. Blessing testifies to the existence of a reptilian form of intelligent life whose negative and destructive power struggle with mankind and the angels began in the Garden of Eden and continues to this day-reptilians in ships that do battle with angelic forces in their own ships. In short, a Biblically-inspired kind of "Star Wars."

The angels in Blessing's cosmos are numerous and brave, and they too operate inside the Inner Earth even as they await the time when they will invade Earth from outer space and establish the government of Jesus. This strange admixture of angel versus demon in armadas of warring flying saucers is a fascinating blueprint for the future Armageddon that even nonbelievers admit may be an inevitable outcome of present-day world conflict. --Sean Casteel - UFO Digest

About the Author

Rev Wm Blessing is one of the few in the ministry to accept the reality of UFOs and subsurface beings. This large formatted book, weighing over two pounds, is crammed with never before released data on a subject that has been neglected by the media and not even whispered about by our cleric, even though Rev Blessing says it is a specific part of the Holy Scripture. Not only does Blessing draw upon Biblical reference, but also from world headlines, personal experience and the words of others not prone to elaboration.

DRAMATIC CONTENTS INCLUDES:

INVASIONS OF THIS EARTH BY OUTER SPACE PEOPLE.
