Southeast Asia: An Introductory History By Milton Osborne

Now in its 11th edition, this lively and accessible guide to Southeast Asia written by one of the world's preeminent historians of the area remains a classic in its field

The first edition of this one-volume introduction to the area was published in 1979 and immediately filled a need for readers interested in a tantalizingly different part of the world. Subsequent editions have continued to document with great perception the enormous changes and dramatic growth experienced in the region. Dr. Milton Osborne has been a resident, student, and fascinated observer of Southeast Asia for more than 40 years. This familiarity has resulted in a highly readable chronicle, ideal for travelers, students, and general history readers. While giving due regard to the early history of the region, Osborne concentrates on the changes that have taken place since the 18th century: the impact of colonial rule; economic transformations of the 19th and 20th centuries; the emergence and triumph of the independence movements; the impact of social change; and the pivotal roles played by religion, ethnic minorities, and immigrant groups. He also provides an introduction to the art of the region and a comprehensive guide to literature about Southeast Asia.

Users Review

From reader reviews:

Brent Cook:

Book is written, printed, or highlighted for everything. You can learn everything you want by a guide. Book has a different type. As you may know that book is important thing to bring us around the world. Beside that you can your reading ability was fluently. A guide Southeast Asia: An Introductory History will make you to be smarter. You can feel far more confidence if you can know about everything. But some of you think in which open or reading a book make you bored. It is not make you fun. Why they could be thought like that? Have you looking for best book or suited book with you?

Michael Brown:

Nowadays reading books become more and more than want or need but also be a life style. This reading practice give you lot of advantages. Associate programs you got of course the knowledge the actual information inside the book this improve your knowledge and information. The information you get based on what kind of book you read, if you want have more knowledge just go with schooling books but if you want feel happy read one with theme for entertaining including comic or novel. The actual Southeast Asia: An Introductory History is kind of book which is giving the reader unforeseen experience.

Frank Anderson:

Do you like reading a guide? Confuse to looking for your preferred book? Or your book seemed to be rare? Why so many issue for the book? But almost any people feel that they enjoy to get reading. Some people likes reading, not only science book but also novel and Southeast Asia: An Introductory History or perhaps others sources were given know-how for you. After you know how the great a book, you feel would like to read more and more. Science reserve was created for teacher as well as students especially. Those books are helping them to bring their knowledge. In additional case, beside science publication, any other book likes Southeast Asia: An Introductory History to make your spare time a lot more colorful. Many types of book like this one.

John Ward:

What is your hobby? Have you heard which question when you got pupils? We believe that that issue was given by teacher to their students. Many kinds of hobby, Everyone has different hobby. And you also know that little person just like reading or as reading through become their hobby. You must know that reading is very important and book as to be the point. Book is important thing to increase you knowledge, except your own teacher or lecturer. You find good news or update regarding something by book. A substantial number of sorts of books that can you choose to use be your object. One of them are these claims Southeast Asia: An Introductory History.
