## The Book: On the Taboo Against Knowing Who You Are By Alan Watts

In *The Book*, Alan Watts provides us with a much-needed answer to the problem of personal identity, distilling and adapting the Hindu philosophy of Vedanta.

At the root of human conflict is our fundamental misunderstanding of who we are. The illusion that we are isolated beings, unconnected to the rest of the universe, has led us to view the “outside” world with hostility, and has fueled our misuse of technology and our violent and hostile subjugation of the natural world. To help us understand that the self is in fact the root and ground of the universe, Watts has crafted a revelatory primer on what it means to be human—and a mind-opening manual of initiation into the central mystery of existence.

### **Editorial Review**

#### **Amazon.com Review**

Modern Western culture and technology is inextricably tied to the belief in the existence of a self as a separate ego, separated from and in conflict with the rest of the world. In this classic book, Watts provides a lucid and simple presentation of an alternative view based on Hindu and Vedantic philosophy.

#### **Review**

“Perhaps the foremost interpreter of Eastern disciplines for the contemporary West, Watts had the rare gift of ‘writing beautifully the unwritable.’” —*Los Angeles Times*

#### **From the Inside Flap**

A witty attack on the illusion that the self is a separate ego that confronts a universe of alien physical objects.

### **Users Review**

#### **From reader reviews:**

##### **Lynette Petree:**

In this 21st hundred years, people become competitive in most way. By being competitive at this point, people have do something to make these individuals survives, being in the middle of typically the crowded place and notice simply by surrounding.
