From beginning to end, you are on this roller coaster ride that goes on in this Brooklyn neighborhood. I read this book and craving for more. You won't believe how the two worlds finally collide and the outcome. I am definitely hooked. This is a great collection to have and read time and time again -Bookreaderallday

A part of me is so disappointed June.....because it's over! :-( I want more, more, more! More of Junior, more of Shondra, more of Chico...you get my point. I was definitely not disappointed with this book. I didn't want the story to end. While I wanted to see how things were going to play out with Lakim, Junior, KB, Chico and the rest, once it did, I still wanted the story to continue. It was so easy to read and I felt the dialogue was really genuine. The story was great. The whole series was great. Although the setting of this story was the 80's, I felt it was very relevant to life today. As in the case with La, it was interesting to see him transform into this evil, cold-hearted killer, who was dead set on revenge but yet he was clueless to the fact that he brought his unfortunate circumstance on himself, just like many people in life today. They blame everybody else for their circumstances instead of starting with self-examination. Also, I enjoyed going down memory lane with the beepers and the different songs and Artists that were mentioned throughout all three books. That was cool. Every character in this novel was so well developed and so necessary to the story. So much so, that I found myself attached to them. I'm just wondering what's next June. To me, that's the sign of a good story or should I say that's good writing. When it keeps you wanting more. I'm a fan for life! --Sheba D. B.

Wow what a ride, I enjoyed this trilogy sad to see it ended but it was great. The end was surprising, wish we could follow up on the survivors. Kuddos to u June. --Ms. Hood Reader

#### From the Author

This installment was written to show the growth of the character Junior and to give some resolution to the issues he faced. I also made sure that life, as we all know it, will not allow that to happen because as we all know, when one thing is fixed something else goes wrong, it's a cycle and this character experiences it at every level.

#### About the Author

June is the published author of *This Game Has No Loyalty*, an urban street fiction novel. His love of writing was first discovered in public school. As June reached his teenage years, he abandoned his love of writing for the dangerous life on the streets of Brooklyn. During his illicit activities he was incarcerated. Once released he reclaimed his spot in the drug trade and continued trafficking illegal drugs. His life lacked stability despite the illusion of financial comfort. He was responsible for himself so there was never any balance in his life until the birth of his first daughter, who changed the way he viewed life...her life. June decided to make changes in his life and immediately enrolled into college. While pursuing his degree, tragedy struck and one of his closest friends was brutally murdered. Overcome by anger and revenge he channeled his emotions into something that came to him naturally, he wrote the story. It didn't heal the wound to his heart but was therapeutic in helping him express feelings no one knew about. The story was buried along with his feelings for 10 years until one day he came across it after coming from a funeral for yet another fallen youth to the same game he had given up. At that moment he decided to write a story, a true to life account of what happens in the streets with hopes of reaching the youth by delivering vivid accounts of the pitfalls of the street life that is not taught to them and at the same time, promote literacy in these communities because it's the gateway to learning and sparking mental creativity. June began penning his novel *This Game Has No Loyalty* and incorporated his own experiences into his writing to produce the "realness" his story needed to capture his audience. June followed up with *This Game Has No Loyalty II – Hustle for Life*, *This Game Has No Loyalty III – Love is Pain* then showcased his writing skills by penning *Victimized – Buchanan's Secret* which is an urban suspense/thriller. June is also the CEO of FourShadough Publishing where all his titles are published. He has a host of ebook short stories available for download and is currently working on the release of his first author who happens to be his daughter, Harmony Miller and her debut young adult fiction story titled, *Lil Mz. Understood* on April 4, 2014. June has signed with the famed dynamic duo and New York Times Bestselling authors Ashley & JaQuavis' publishing company O.W.L.
