## **Editorial Review**

### **Review**

`Stephen Biesty has perfected the art of cross-section, exploiting it to the limit so as to give maximum information without any sense of overload'

Julia Eccleshare, The Guardian

`There is plenty of material here for work on the Nile, its surrounding landscape and the part the river played in the life of ancient Egypt, though inevitably it's likely to be the double-page spread on the construction of the pyramids that will appeal most immediately to young readers. This is an intriguing way into history'

Kate Agnew, The Guardian

`Stephen Biesty's Egypt is endlessly fascinating and entertaining, as well as being an authoritative source of information on a culture children love to study.'

The Times

`A magnificent volume about many children's favourite historical period... a book to browse over for hours'

The Northern Echo
