Grade 9 Up—"Yeah, I loved her. I couldn't help it. She was my brother." Regan has always been there for her transgender brother, Liam, sacrificing her needs for his, but when he announces that he is ready to "transition" into Luna permanently, Regan is not sure she can handle the consequences. She has been his confidant all her life, letting Luna dress in her room, buying underwear for her when Liam couldn't, and giving support. However, when the attractive new guy in chemistry class shows an interest in Regan, she wishes her sibling would just go away and give her a chance to live her own life. Liam realizes that in order for his sister to be free, he, too, must free himself to become the woman who lives inside him. Told from Regan's point of view in the present and in flashback, this novel breaks new ground in YA literature with a sensitive and poignant portrayal of a young man's determination to live his true identity and his family's struggle to accept Luna for who she really is.

Gr. 8-12. Peters tells two stories in this groundbreaking novel--one about Regan, and the other about Liam, Regan's transgender brother, who is the son his father expects by day but a young woman, Luna, by night. Fiercely protective of Liam/Luna, Regan has put her life on hold; she worries about her brother's female self being discovered and the family's reaction, and she fears that her brother may someday give in to despair. While Regan wonders if she will ever be able to have a life separate from the needs of her sibling, Liam seriously begins to consider a permanent change. Peters isn't putting forward a political agenda here. Rather, she's bringing the circumstances surrounding a difficult situation to light, and her sensitively drawn characters realistically encompass a wide range of reactions--from tentative acceptance by a best friend to Mom's feigned ignorance and Dad's total disbelief. The subject matter and occasional rough language will undoubtedly raise some eyebrows, but this book belongs in most YA collections. *Cindy Welch*
