### Editorial Review

#### Review

"A new generation of warrior-geographers have revisited the vital topic of military geography and produced a comprehensive and insightful overview of this sub-field of geography. This book will guide the reader to a new and deeper understanding of how the geographical perspective adds analytical value across the entire spectrum of military affairs."?Francis H. Dillon, Geography, *George Mason University*

"I have been waiting for a book like this for years! I am pleased that there is "Military 101" for geographers AND "Geography 101" for military personnel.
