## Perils of Anarchy: Contemporary Realism and International Security (International Security Readers) From The MIT Press

Current debates about the nature of international politics have centered on the clash between supporters and critics of realism. *The Perils of Anarchy* brings together a number of recent essays written in the realist tradition. It includes realist interpretations of the collapse of the Cold War order and of the emerging order that has replaced it, the sources of alignment and aggression, and the causes of peace. A final section provides a counterpoint by raising criticisms of and alternatives to the realist approach.

**Contributors:** Charles L. Glaser. Christopher Layne. Peter Liberman. Lisa L. Martin. John J. Mearsheimer. Paul Schroeder. Randall Schweller. Stephen M. Walt. Kenneth N. Waltz. William C. Wohlforth. Fareed Zakaria. An International Security Reader

### Editorial Review

#### Review

A superb collection of recent articles from the journal *International Security*... The introductory essay, which summarizes the development of realist theory, and the high quality of each contribution make this volume appropriate for undergraduate and graduate students alike.

*(Choice)*

The end of the Cold War was accompanied by a rush to proclaim the failure of realism as a theory of international politics. The news about the death of realism is premature, as this volume convincingly shows....Realism is alive and well. This excellent volume will help get the word out.

*(Foreign Affairs)*

#### From the Back Cover

'For an inventory of insights on the application of recent realist ideas, these are the best selections from the best journal in the field. This collection offers a particularly well-organized array of arguments about the relation of theory to policy, and the benefits and costs of the realist approach.'-Richard K. Betts, Professor of Political Science, Columbia University

#### About the Author

Michael E. Brown is Dean of the Elliott School of International Affairs at George Washington University.

Sean M. Lynn-Jones is Editor of *International Security*, the International Security Program's quarterly journal. He is also series editor of the Belfer Center Studies in International Security, the Program's book series that is published by MIT Press.

Steven E. Miller is director of the International Security Program at the Belfer Center.

Written throughout good manner for you, dripping every ideas and producing skill only for eliminate your hunger then you still doubt Perils of Anarchy: Contemporary Realism and International Security (International Security Readers) as good book not only by the cover but also from the content. This is one e-book that can break don't judge book by its cover, so do you still needing another sixth sense to pick that!? Oh come on your reading through sixth sense already alerted you so why you have to listening to yet another sixth sense.

**Pete Plaisance:**

This Perils of Anarchy: Contemporary Realism and International Security (International Security Readers) is brand-new way for you who has attention to look for some information mainly because it relief your hunger info. Getting deeper you into it getting knowledge more you know or else you who still having tiny amount of digest in reading this Perils of Anarchy: Contemporary Realism and International Security (International Security Readers) can be the light food for you because the information inside this particular book is easy to get by means of anyone. These books build itself in the form that is reachable by anyone, yep I mean in the e-book application form. People who think that in e-book form make them feel tired even dizzy this e-book is the answer. So there is no in reading a book especially this one. You can find actually looking for. It should be here for you actually. So , don't miss the idea! Just read this e-book sort for your better life and also knowledge.

**Sebrina Knapp:**

As a pupil exactly feel bored to help reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just minor students that has reading's internal or real their passion. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that looking at is not important, boring and can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Perils of Anarchy: Contemporary Realism and International Security (International Security Readers) can make you sense more interested to read.
