### Thomas Hobbes: Leviathan (Clarendon Edition of the Works of Thomas Hobbes) From Brand: Oxford University Press

Thomas Hobbes's *Leviathan* is one of the most important philosophical texts in the English language, and one of the most influential works of political philosophy ever written. This is the first critical edition based on a full study of the manuscript and printing history. It is also the first edition to place the English text side by side with Hobbes's later Latin version of it, complete with a set of notes in which the many passages that differ in the Latin are translated into English. So, for the first time, readers of *Leviathan* will be able to see clearly every stage of the development of the text. Both texts are fully annotated with explanatory notes. The editor's Introduction, which takes up the whole of the first volume, gives a path-breaking account of the work's context, sources, and textual history. This definitive edition will set the study of Hobbes's masterwork on a new basis.

### **Editorial Review**

#### Review

"The lavish, meticulous annotation, which reconciles Hobbes's manuscripts and the early published English and Latin versions is certainly this edition's most significant contribution to the republic of letters. But the general reader will probably find Malcolm's introduction, a tour de force that takes up the entire first volume, to be of greatest value. Malcolm...fluently and authoritatively sets Leviathan and its author in their time and provides a keen and detailed study of Leviathan's genesis. Malcolm's volume itself is an enduring work of history."--Ben Schwartz, *The Atlantic*

"Malcolm's edition of Leviathan aims to present the masterpiece as faithfully as possible. The result -- a product of many years of labour -- is an astonishing achievement of the highest scholarship. We have never before had so accurate and so richly annotated a version of the text, and it is unlikely that there will ever be another that can match this edition."--John Gray, *New Statesman*

"Dr Malcolm seems to have read, and judiciously assessed, everything that may be relevant to everything that may be relevant (this includes graveyard inscriptions, so it can be fairly said that he leaves no stone unturned).--*The Economist*

"The most helpful piece of scholarship was Noel Malcolm's translating the Latin version and appendix of Hobbes's Leviathan in his monumental three-volume edition"--Christopher Howse, *The Spectator* (Books of the Year)

From the Publisher

Library of Liberal Arts title.

From the Back Cover

Its appeal to the twentieth century lies not just in its elevation of politics to a science, but in its overriding concern for peace. Its argument that the state of nature, in which life is 'nasty, brutish and short (and patriarchal), is important, but so too is its systematic analysis of power, and its convincing apologia for the then emergent market society in which we still live.

### **Users Review**

**From reader reviews:**

**Cheryl Dawkins:**

The book Thomas Hobbes: Leviathan (Clarendon Edition of the Works of Thomas Hobbes) can give more knowledge and information about everything you want. So why must we leave a good thing like a book Thomas Hobbes: Leviathan (Clarendon Edition of the Works of Thomas Hobbes)? A few of you have a
