Everything, Everything By Nicola Yoon

The instant #1 *New York Times* bestseller--soon to be a major motion picture! In theaters May 19, it stars Amandla Stenberg as Maddy and Nick Robinson as Olly.

Risk everything . . . for love.

What if you couldn't touch anything in the outside world? Never breathe in the fresh air, feel the sun warm your face . . . or kiss the boy next door? In *Everything, Everything*, Maddy is a girl who's literally allergic to the outside world, and Olly is the boy who moves in next door . . . and becomes the greatest risk she's ever taken.

My disease is as rare as it is famous. Basically, I'm allergic to the world. I don't leave my house, have not left my house in seventeen years. The only people I ever see are my mom and my nurse, Carla.

But then one day, a moving truck arrives next door. I look out my window, and I see him. He's tall, lean and wearing all black—black T-shirt, black jeans, black sneakers, and a black knit cap that covers his hair completely. He catches me looking and stares at me. I stare right back. His name is Olly.

Maybe we can't predict the future, but we can predict some things. For example, I am certainly going to fall in love with Olly. It's almost certainly going to be a disaster.

Everything, Everything will make you laugh, cry, and feel everything in between. It's an innovative, inspiring, and heartbreakingly romantic debut novel that unfolds via vignettes, diary entries, illustrations, and more.

Editorial Review

From School Library Journal

Gr 10 Up—From the first page, Madeline Whittier is a sympathetic character who has had to watch the world from the inside of a bubble—literally. Her diagnosed condition of Severe Combined Immunodeficiency is a life sentence that limits her to a world of two people: her mother, who is a doctor, and her nurse. Everything changes when Olly and his family move into the house next door. Olly is the kind of inventive guy who figures out a way to communicate with Madeline, and over the course of the next few months Madeline becomes Maddy, a young woman who takes potentially deadly risks to protect Olly emotionally, if not physically. Maddy's and Olly's hastily planned trip to Maui and their tastefully described liaison while there suggests a mature teen audience, but readers of Cammie McGovern's *Say What You Will* (HarperCollins, 2014) and Wendy Mills's *Positively Beautiful* (Bloomsbury, 2015) will fall in love with this humorously engaging story of a girl who discovers life, love, and forgiveness in new places. VERDICT *Everything, Everything* is wonderful, wonderful.—Jodeana Kruse, R. A. Long High School, Longview, WA
