**MKSAP for Students 3** From Brand: American College of Physicians

MKSAP for Students 3 includes over 400 patient-centered self-assessment questions and their answers in print and on CD-ROM. Designed for medical students participating in their clerkship rotation, the questions help define and assess mastery of the core knowledge base requisite to internal medicine education in medical school. The questions reflect the many management dilemmas faced daily by internal medicine physicians and when coupled with the answer critiques, provide a focused, concise review of important content. Questions are carefully chosen to cover the content described by the 33 categories that correspond to the Core Medicine Clerkship Curriculum Guide's "Training Problems." The Clerkship Curriculum Guide is a nationally recognized curriculum created and published by the Clerkship Directors in Internal Medicine (CDIM) and the Society for General Internal Medicine (SGIM). It defines competencies, knowledge, attitudes, and skills that medical students are expected to master by the end of the clerkship.
