**The Interestings: A Novel** By Meg Wolitzer

**"Remarkable . . . With this book [Wolitzer] has surpassed herself."**—*The New York Times Book Review*

**"A victory . . . *The Interestings* secures Wolitzer's place among the best novelists of her generation. . . . She's every bit as literary as Franzen or Eugenides. But the very human moments in her work hit you harder than the big ideas. This isn't women's fiction. It's everyone's."**—*Entertainment Weekly* (A)

**The *New York Times*–bestselling novel by Meg Wolitzer that has been called "genius" (*The Chicago Tribune*), "wonderful" (*Vanity Fair*), "ambitious" (*San Francisco Chronicle*), and a "page-turner" (*Cosmopolitan*), which *The New York Times Book Review* says is "among the ranks of books like Jonathan Franzen's *Freedom* and Jeffrey Eugenides *The Marriage Plot*."**

The summer that Nixon resigns, six teenagers at a summer camp for the arts become inseparable. Decades later the bond remains powerful, but so much else has changed. In *The Interestings*, Wolitzer follows these characters from the height of youth through middle age, as their talents, fortunes, and degrees of satisfaction diverge.

The kind of creativity that is rewarded at age fifteen is not always enough to propel someone through life at age thirty; not everyone can sustain, in adulthood, what seemed so special in adolescence. Jules Jacobson, an aspiring comic actress, eventually resigns herself to a more practical occupation and lifestyle. Her friend Jonah, a gifted musician, stops playing the guitar and becomes an engineer. But Ethan and Ash, Jules's now-married best friends, become shockingly successful—true to their initial artistic dreams, with the wealth and access that allow those dreams to keep expanding. The friendships endure and even prosper, but also underscore the differences in their fates, in what their talents have become and the shapes their lives have taken.

Wide in scope, ambitious, and populated by complex characters who come together and apart in a changing New York City, *The Interestings* explores the meaning of talent; the nature of envy; the roles of class, art, money, and power; and how all of it can shift and tilt precipitously over the course of a friendship

and a life.

## Editorial Review

Amazon.com Review

**An Amazon Best Book of the Month, April 2013:** This knowing, generous and slyly sly new novel follows a group of teenagers who meet at a summer camp for artsy teens in 1974 and survive as friends through the competitions and realities of growing up. At its heart is Jules (nee Julie, she changes it that first summer to seem more sophisticated) Jacobson, an aspiring comic actress who comes to realize she's got more creative temperament than talent; her almost boyfriend Ethan Figman, the true genius in the bunch (he's a cartoonist); musician Jonah Bay, son of a famous Baez-ish folksinger; and the Wolf siblings, Ash and Goodman, attractive and mysterious. How these five circle each other, come together and break apart, makes for plenty of hilarious scenes and plenty of heartbreaking ones, too. A compelling coming of age story about five privileged kids, this is also a pitch-perfect tale about a particular generation and the era that spawned it.

--Sara Nelson

From [Booklist](#)

In that self-obsessed, hyperaware, and mordantly ironic way of privileged teens, Ethan, Jonah, Cathy, Ash, and her brother Goodman dub themselves "The Interestings" when they reconvene at their trendy creative-arts summer camp in the Berkshire Mountains. Jules, née Julie, Jacobson is both flattered and flabbergasted to be admitted into their little enclave, where she uses her sardonic wit to compensate for a lack of beauty, money, or social graces. To her surprise, golden-girl Ash adopts her as her best friend, while the dorky but brilliant Ethan becomes mired in unrequited love. After a tragedy affects two of their members in very different ways, the remaining group slogs their way into adulthood, embarking upon careers and relationships with varying degrees of success and satisfaction. Despite being rooted in a wealth of pop-cultural references, from Nixon's resignation to the Moonies to Wall Street scandals and even the aftermath of 9/11, Wolitzer's clique of narcissistic friends turns out to be not so interesting after all. --Carol Haggas

Review

"Remarkable . . . [*The Interestings's*] inclusive vision and generous sweep place it among the ranks of books like Jonathan Franzen's *Freedom* and Jeffrey Eugenides *The Marriage Plot*. *The Interestings* is warm, all-American, and acutely perceptive about the feelings and motivations of its characters, male and female, young and old, gay and straight; but it's also stealthily, unassumingly, and undeniably a novel of ideas. . . . With this book [Wolitzer] has surpassed herself."—*The New York Times Book Review*

"A victory . . . *The Interestings* secures Wolitzer's place among the best novelists of her generation. . . . She's every bit as literary as Franzen or Eugenides. But the very human moments in her work hit you harder than the big ideas. This isn't women's fiction. It's everyone's."—*Entertainment Weekly* (A)

"The big questions asked by *The Interestings* are about what happened to the world (when, Jules wonders, did 'analyst' stop denoting Freud and start referring to finance?) and what happened to all that budding teenage talent. Might every privileged schoolchild have a bright future in dance or theater or glass blowing? Ms. Wolitzer hasn't got the answers, but she does have her characters' mannerisms and attitudes down cold."—*The New York Times*

"I don't want to insult Meg Wolitzer by calling her sprawling, engrossing new novel, *The Interestings*, her most ambitious, because throughout her 30-year career of turning out well-observed, often very funny books at a steady pace, I have no doubt she has always been ambitious. . . . But "The Interestings" is exactly the kind of book that literary sorts who talk about ambitious works . . . are talking about. . . . Wolitzer is almost

crushingly insightful; she doesn't just mine the contemporary mind, she seems to invade it."—*San Francisco Chronicle*

"A sprawling, marvelously inventive novel . . . ambitious and enormously entertaining."—*The Washington Post*

"A supremely engrossing, deeply knowing, genius-level enterprise . . . The novel is thick and thickly populated. And yet Wolitzer is brilliant at keeping the reader close by her side as she takes her story back and forth across time, in and out of multiple lives, and into the tangle of countless continuing, sometimes compromising, conversations."—*Chicago Tribune*

"Masterful, sweeping . . . Her clear gaze captures the intricacies of lasting friendship, enduring love, marital sacrifice, bitter squabbles, family secrets, parental angst and deep loss. Though the story hops back and forth in time, it is rarely confusing, frequently funny and always engaging. . . . A story that feels real and true and more than fulfills the promise of the title. It is interesting, yes, but also moving, compelling, fascinating, and rewarding."—*Miami Herald*

"Wolitzer has produced a novel that is big by at least a couple of clear measures—it's nearly 500 pages long, and it covers a lot of time and drama in the lives of a small circle of friends. . . . It's a small world in which these characters want to live large, and Wolitzer is wonderful at conveying that through the point of view of someone who doesn't even see it, all the while shading in the stuff that lives, big and small, are made of."—*Minneapolis Star Tribune*

"It's a ritual of childhood—that solemn vow never to lose touch, no matter what. And for six artsy teenagers whose lives unfold in Wolitzer's big-hearted, ambitious new novel, the vow holds for almost four decades."—*People*

"Readers may also enjoy comparing *The Interestings* with Claire Messud's *The Emperor's Children* . . . In probing the unpredictable relationship between early promise and success and the more dependable one between self-acceptance and happiness, Wolitzer's novel is not just a big book but a shrewd one."—*Christian Science Monitor*

"[*The Interestings*] soars, primarily because Wolitzer insists on taking our teenage selves seriously and, rather than coldly satirizing them, comes at them with warm humor and adult wisdom."—*Elle*

"In Meg Wolitzer's lovely, wise *The Interestings*, Julie Jacobson begins the summer of '74 as an outsider at arts camp until she is accepted into a clique of teenagers with whom she forms a lifelong bond. Through well-tuned drama and compassionate humor, Wolitzer chronicles the living organism that is friendship, and arcs it over the cours of more than thirty years."—*O, the Oprah Magazine*

"Wonderful."—*Vanity Fair*

"Juicy, perceptive and vividly written."—NPR.org

"A sprawling, ambitious and often wistful novel."—*USA Today*

"What becomes a legend most? or rather, who? Those with innate ability? Those blessed with enough beauty or money to indulge any creative whim? Or just those who want it the most? In *The Interestings*, Meg Wolitzer's quarry is ambition: what it means to have it, how to use it, how it's lost."—*Time*

"Best-selling novelist Meg Wolitzer specializes in witty, knowing takes on contemporary marriage, divorce, and relationships. Her ninth novel, *The Interestings*, is smart, nuanced, and fun to read, in part because of the effervescent evocation of New York City from Watergate to today, in part because of the idiosyncratic authenticity of her characters."—*The Daily Beast*

"You'll want to be friends with these characters long after you put down the book."—*Marie Claire*

"A page-turner."—*Cosmopolitan*

"[A] big, juicy novel . . . Wolitzer's finger is unerringly on the pulse of our social culture."—*Readers Digest*

"Meg Wolitzer kicks off her buzzy tenth novel in 1974 at a summer camp for artsy kids, where a tight-knit group of campers is plotting world domination. The result is a Franzen-like treatise on talent, fate, friendship, and the limits of all three."—*V Magazine*

"Breathtaking in its scope and a remarkably fun page-turner . . . "[Wolitzer's] social commentary on art, money and fame should have her compared to Tom Wolfe, but her work is much larger than that."—*Matchbook*

"[*The Interestings* is] so approachable one can almost miss the excellence and precision of its prose. . . . Ultimately *The Interestings* is absorbing and immensely likeable."—*Nylon*

"Like Virginia Woolf in *The Waves*, Meg Wolitzer gives us the full picture here, charting her characters' lives from the self-dramatizing of adolescence, through the resignation of middle age, to the attainment of a wisdom that holds all the intensities of life in a single, sustained chord, much like this book itself. The wit, intelligence, and deep feeling of Wolitzer's writing are extraordinary and *The Interestings* brings her achievement, already so steadfast and remarkable, to an even higher level."—Jeffrey Eugenides

"Wolitzer follows a group of friends from adolescence at an artsy summer camp in 1974 through adulthood and into late-middle age as their lives alternately intersect, diverge and reconnect. . . . Ambitious and involving, capturing the zeitgeist of the liberal intelligentsia of the era."—*Kirkus* (starred)

## **Users Review**

### **From reader reviews:**

#### **Patricia Diaz:**

The book *The Interestings: A Novel* make one feel enjoy for your spare time. You can use to make your capable more increase. Book can to get your best friend when you getting tension or having big problem along with your subject. If you can make studying a book *The Interestings: A Novel* being your habit, you can get much more advantages, like add your current capable, increase your knowledge about several or all subjects. You may know everything if you like available and read a reserve *The Interestings: A Novel*. Kinds of book are a lot of. It means that, science book or encyclopedia or some others. So , how do you think about this guide?

**Stanley Hanson:**

The book with title The Interestings: A Novel contains a lot of information that you can study it. You can get a lot of gain after read this book. This specific book exist new understanding the information that exist in this reserve represented the condition of the world today. That is important to yo7u to know how the improvement of the world. This kind of book will bring you within new era of the glowbal growth. You can read the e-book on your smart phone, so you can read that anywhere you want.

**Robert Stewart:**
