Editorial Review

Review

The volume's contributors make heavy use of original archival materials and make good on the editors' promise to expose the complexity, nuance and plurality of neoliberal thought--a belief system that has constructed and re-constructed itself and the world...*The Road from Mont Pèlerin* is indispensable for anyone wishing to gain an understanding of neoliberalism, whether as an end in itself or as a means for constructing alternative, non-neoliberal futures. (Daniel Kinderman *Critical Policy Studies* 2010-07-01)

The Road from Mont Pèlerin reminds us that social movements succeed by drawing in many others who undertake the work that actually drives the movement forward. The book is full of stories of those individuals and related organizations that formed strategies, carried out the logistics and legwork, and brought legislators and others into contact with [Mont Pèlerin Society] ideas. In other words, if you work on post-war history of economics, there is almost no reason not to read this book. (Ross B. Emmett *Journal of the History of Economic Thought* 2011-03-01)

About the Author

Philip Mirowski is Carl Koch Professor of Economics and the History and Philosophy of Science at the University of Notre Dame.

Dieter Plehwe is a Senior Fellow at the Social Science Research Centre Berlin.
