**Wild Boys After Dark: Cooper (Wild Billionaires After Dark) By Melissa Foster**

"If raw emotions, cursing, dirty-talk, or intense, passionate sex that sometimes includes a silk tie, turn you off, then the After Dark books are NOT for you.

**\*NO CLIFFHANGERS\***

Everything's naughtier after dark...

Four years ago at a film festival, Cici Fine met Cooper Wild, a man who turned her world upside down in the span of one deliciously perfect week. He was everything she'd ever dreamed of: sinfully sexy, intelligent, and incredibly loving. When the festival ended, they returned to their own hometowns with promises of forever. But Cooper disappeared, and Cici was left to raise the daughter he never knew about alone.

Cooper is finally thinking straight after years of being lost in grief from the tragedy that killed his father and left his mother blind. Now he's on a mission to find the woman he left behind-the only woman he's ever loved.

But Cici Fine is no longer a naive young girl. She's a savvy businesswoman with big responsibilities, on the cusp of a life-changing move. When fate brings the two together, they'll put the old adage to the test and find out if love really can conquer all.

The Wild Boys After Dark books are long enough to burn up the sheets and short enough to leave you craving more.

BAY CITY, MARYLAND, was the last place Celeste "Cici" Fine wanted to be this weekend. She had a million things to do to get ready for her upcoming move to New York City?including finding a place to live. Her photography business had finally taken off, and after securing several lucrative contracts in and around New York City, she had to make the move from Peaceful Harbor to New York. She hated the idea of moving her daughter, Melody, to a big city, and away from her friends, aunt, and grandparents, but now was probably the easiest time to do so. At almost three and a half, Melody was a precocious child, and Cici had high hopes that she'd adapt well to her new surroundings. But moving was just the tip of the what-the-hell-am-I-doing iceberg she seemed to be traveling on. Being back in Bay City and moving to New York? That was a double whammy.

She set her suitcase on the bed and went about unpacking her belongings, trying not to think about the last time she'd been there. She placed her clothes in the fancy dresser and caught sight of the king-sized bed in the mirror. She looked at the beautiful linens, remembering the way it had felt to be tangled up in them with the man who had made her head spin over one incredible week?and, just as quickly, had shattered her heart into a million little pieces. She found herself falling back into the memories of how wonderful and safe it had felt to be in his arms, how every kiss, every caress, every whispered promise had made her love for him grow. She'd been so sure he was her forever love...

She brought her toiletries bag into the bathroom and slammed it on the counter. She looked around the marble bathroom, and the familiar longing she thought she'd buried long ago came back in waves. Damn it. She'd fallen for him like a picture came into focus?a little blurry at first and then hard and fast. Unstoppable.

Cooper Wild's potent masculinity was all consuming. His possessive, protective nature had made her feel special and desirable in the best way. The man was the perfect mix of sexual beast and gentleman, and his heart...She sighed inwardly. His loving, open heart had completely enveloped her. And then the Bay City Film Festival they were photographing had ended, and they'd gone their separate ways with promises of forever. Promises she, like the naive twenty-two-year-old she'd been, had trusted in and believed.

She looked in the mirror and pushed her long black hair over her shoulders, remembering how much Cooper had loved running his fingers through it. How he'd tangle his hands in it and hold on tight as they ravaged each other. Her scalp tingled with the memory, sending her pulse into a frenzy. She rolled her eyes at her reflection. She'd never fully let go of the fantasy that someday, somehow, they'd find each other again. But that type of thinking could ruin her, and she refused to do that to herself again. It had taken her a long time to stop thinking about him every minute of the day?not to mention every time she looked into Melody's blue eyes?and she couldn't fall back into that soul-wrenching fantasy.

She forced herself to remember the painful weeks of unanswered phone calls and texts, as her belly had swelled with his child and she'd cried more tears than she'd ever thought possible. She hadn't been back to Bay City since, but with the impending move, she couldn't afford to pass up the film festival this year. She needed the income, and Cooper had become even more famous over the last few years and this event was probably beneath him at this point in his career. She had purposely not sought out information about him, but it was hard to miss his credit lines on some of the most prestigious photos appearing in all the prominent magazines and newspapers. At least all she had to wallow in were the memories. There was no chance of seeing him.
