## **Editorial Review**

### **Review**

"Its analysis of a variety of practices in corporate governance and its fruitful guidance of governance and compliance in diverse industries make this a must-own reference. It is not easy to find a handbook of corporate governance that provides such scope in a single volume. This handbook should be one of the most frequently referenced books in your bookshelf, if you work in the field of corporate governance." (*Journal of International Accounting*, 2008)
