Editorial Review

From School Library Journal

Gr 8 Up—Alliance is the second installment in Frost's action-packed series. While it is possible to enjoy without having read *The Paladin Prophecy* (Random House, 2012), events proceed fairly quickly, so readers may miss elements of the backstory. In this sequel, Will West and his roommates continue to uncover the evil doings of the Knights of Charlemagne, learning more about their history and finding even more secrets hidden at the Center. The Knights seem to anticipate every move Will and his friends make; could they have a traitor in their midst? Frost's novel has action and suspense mixed with aliens and genetically modified humans, so it will appeal to science fiction fans. There are several unresolved plot points which presumably will be tied up as the series continues. There is plenty of action, but lengthy explanations occasionally drag down the pacing. Purchase where the first book is popular or where there is a strong demand for sci-fi and mystery.—Saleena L. Davidson, South Brunswick Public Library, Monmouth Junction, NJ
