### Editorial Review

From Publishers Weekly

Set in West Sussex in 1780, Robertson's auspicious debut introduces the unlikely sleuthing team of anatomist Gabriel Crowther and independent-minded Harriet Westerman, mistress of Caveley Park. When Westerman happens on the stabbed body of a man, eventually identified as Carter Brook, on her land on the track to Thornleigh Hall, Crowther agrees to help her catch the murderer. The secretive Crowther, who's maintained a reclusive existence since moving to the area, finds that Brook's death may be connected to the search for a long-lost heir to the Thornleigh estate. Meanwhile in London, someone knifes to death Alexander Adams, who bears the same first name as the lost heir, in Adams's music shop. While the killer's identity will surprise few, the book works splendidly as a period thriller, with complicated leads and informative details that illuminate 18th-century England for modern readers. Dry humor leavens what otherwise would be a grim story line. (Feb.)
