**Lucifer's Son (Temptation Chronicle) By Sergey Mavrodi**

**Not for the shy and timid! As raw as a Russian winter.**

**Does the Devil exist?**

**Is there really a fallen angel named Lucifer**

Are the temptations that beset mankind really the products of an evil Satan? Are the fires of Hell a reality? And your answers to these questions are:\_\_\_\_\_? Undecided, perhaps? Then, read on.

Compared favorably by many to renown authors of horror and suspense such as Stephen King, Dean Koontz and Bram Stoker, Russia's Master of Horror Sergey Mavrodi introduces us to his world... the world of angels and devils, of Lucifer and Lucifer's son, the world of temptation and seduction in his latest masterpiece of deviltry and suspense. In a world of horror and fear that is almost too realistic to be fiction, Mavrodi's characters burst forth from the pages, come alive and open up their innermost beings... revelations that will shock and mesmerize the reader, who--while filled with fear and anxiety--will be unable to put LUCIFER'S SON down until the last terrifying conclusion.

TITLE INFORMATION LUCIFER'S SON Sergey Mavrodi W & B Publishers Inc. (498 pp.) \$17.99 paperback, \$4.99 e-book --Kirkus Reviews

Reviewed by Kristine Morris November 19, 2015 This imaginative, dark fantasy explores the innate depravity in the hearts of men. Sergey Mavrodi's dark fantasy, Lucifer's Son: The Temptation Chronicles, Book One, lays bare the depravity of the human heart as everyday men make bargains with the devil to obtain their desires. Composed of a series of vignettes, the book is united both by theme and by the presence of a prescient, mysterious man in his thirties who offers to fulfill each protagonist's deepest wish an opportunity that comes with conditions that would be totally unacceptable were it not for the lust, greed, and desire for power already lurking in each man's heart. Mavrodi has a good grasp of the workings of the human mind and the weakness of the human will. He adeptly reveals the mental gymnastics that the protagonists go through as they plumb the depths of their own inner worlds in an attempt to justify the betrayal of all they hold sacred for some short-term, ego-based gain. With his knowledge of each man's weakness, the evil one is able to craft a scenario that, in most cases, his victim is unable to refuse. Thus, the book reveals how thin the veneer of morality, honor, and love can be, even when the man being tempted is an apparently upright citizen, husband, father, and employee. The picture the book gives of the human condition is almost uniformly bleak, with sadomasochistic sex and pornography high on the list of men's hidden desires. Unfortunately, it soon becomes easy to foretell the response of each protagonist, and after a while, even the most lustful and imaginative orgy can become boring and repulsive a fact to which some of the characters attest. Some of the stories include more lengthy rumination and rationalization than seems necessary, and in these places, the pacing drags. Furthermore, the employment of King James English whenever Lucifer is addressing his son's questions makes comprehension of these passages difficult due to errors in word usage and the inclusion of infrequently used, archaic, and unfamiliar words. The translation from Russian, done by Yuriy Chetverzhuk, generally flows well, but the book would benefit from further proofreading and editing to remedy errors that include missing or extra words (as in the use of the where unnecessary), incorrect use of the apostrophe, incomplete sentences, occasional misspellings, and a certain awkwardness in the use of idiomatic expressions. The cover art, with its requisite flames, is appropriate and attractive. The book's design and layout are pleasing and easy on the eye, and the table of contents helpfully indicates the theme of each story. Of special interest is the chapter Satanist. Day 11, in which a Satanist makes a rather convincing argument that the world is actually ruled by Satan, and is the better for it. With this imaginative, dark book in which Lucifer's work is made easy by the innate depravity of man, Mavrodi easily defends his thesis that a grain of evil seed was sown in Adam's heart from the beginning. If you are into the occult, demon worship, Satanism or the like, you will probably find this book to your liking. Translated from its original Russian there are places that are a little rough, words that are archaic and/or unfamiliar, but the web can help you through those moments as can the context in which the term is used. The book is written in a series of vignettes/short stories regarding various temptations that Satan explains to his son in the first 21 days of his son's life. The first two chapters (vignettes) deal with the birth of the son of Lucifer and then the rest deal with temptations, each story introduced by a conversation between Lucifer and his son and then their conclusion at the end of the story. My favorite introduction is for

Day 9 (Chapter 11): And Lucifer said: If thou want to make a man unhappy, just give him all that he wants. And Lucifer was asked by His Son Wherefore? And Lucifer answered to His Son Because a man always wishes for too much. Many of the chapters deal with sex and can be unsettling, but if you are into this kind of book, you probably won't be bothered. I found Lucifer to be much nicer than I had ever envisioned. For many, short stories are difficult to write because you must tell the story (get your point across) in such a short space. Sergey Mavrodi does it well although he tends to ramble when someone is thinking about his or her temptation and most of the temptations are for men. The last one is interesting because it seems to be about the author having just completed writing this book. Obviously from the title, there are expected sequels -- Douglas Ewan Cameron, Author

#### About the Author

**Sergei Panteleevich Mavrodi** was born on August 11, 1955 in Moscow, Russia.

In the year 1993 he was the only one who openly opposed the privatization that started in those times, saying that it was a real robbery of the country, and that he would spare all efforts to prevent it. In the same year, on the basis of the cooperative he created the joint-stock company MMM. The plan was simple: to accumulate people's money, buy up all state property on the money auction held at that moment, and distribute among the shareholders. Less than six months MMM encompassed already about 15 million members, and Mavrodi himself controlled more than one third of the country's budget.

At that point, he was arrested on a completely absurd charge of tax evasion (the criminal case later fell to pieces), and all cash budget of the company was seized and disappeared to an undisclosed location. In particular, only from the head office of MMM authorities took out 17 truckloads of money.

Straight from prison Mavrodi registered as a candidate for Deputy in the State Duma of the Russian Federation at the special election in one of the districts. In this regard he was released. He easily won election with a huge margin and became Deputy of the State Duma of the Russian Federation. After a year on a almost-unanimous decision of deputies he was stripped of his deputy powers (the first case in the history of Russia).

In 2003 Mavrodi was arrested again and placed in the federal special prison #99/1, the gloomiest and obscure institution of modern Russia. Sharing his cell with professional killers, maniacs, terrorists and criminal lords, he went on 15 hunger strikes (one of them was dry and lasted for 8 days) and countless punishment cells (he was even released from the disciplinary cell).

In the year 2007 Mavrodi was released.

The novel "Lucifer's Son" was written by Sergei Mavrodi while in the federal special prison #99/1.
