The Birder's Handbook: A Field Guide to the Natural History of North American Birds By Paul Ehrlich, David S. Dobkin, Darryl Wheye

This is the most complete and authoritative reference book about the birds of North America -- up to date and in field-guide format.

The Birder's Handbook is the first of its kind: a portable library of fascinating information not included in your identification guide. For each of the 646 species of birds that breed in North America, *The Birder's Handbook* will tell you at a glance:

- * Where the bird nests, and which sex(es) build(s) the nest;
- * How many eggs the bird lays, what they look like, which parent incubates and for how long, and how the young are cared for;
- * Food preferences and foraging habits.

You will also find information about displays and mating, wintering, conservation status, and much more. In addition, *The Birder's Handbook* contains some 250 short essays covering all aspects of avian natural history.

Editorial Review

Amazon.com Review

Compact and yet filled with information, this portable encyclopedia of North American bird behavior is a complement to field guides. Learn more about the species you see in the field, and--when in doubt--use this handy reference as another tool for identification.

Review

Susan Roney Drennan Editor, *American Birds* A dizzyingly competent, extraordinarily readable, impeccably comprehensive and marvelously educational feat! Certainly mandatory reading for everyone even remotely curious about the birds they watch.

Mercedes S. Foster Research Zoologist and Curator of Birds, U.S. Fish and Wildlife Service *The Birder's Handbook* is a gold mine...that will greatly enhance the joys of watching birds.

David S. Wilcove Ecologist, The Wilderness Society Field guides will help you to recognize birds. This book will help you to understand them....This book should be required reading for all birders, naturalists, and conservationists.

Thomas E. Lovejoy Smithsonian Institution Anyone who owns a field guide to the identification of North American birds will want *The Birder's Handbook* as a companion volume.

About the Author

Paul R. Ehrlich is Bing Professor of Population Studies and Professor of Biology at Stanford University, and a member of the National Academy of Sciences. He is the author of over 400 scientific articles and more than 20 books, including *The Population Bomb*, *Extinction*, and *The Machinery of Nature*.

Users Review
