A Girl Named Summer By Julie Garwood

Julie Garwood's tales always sparkle with the magic that comes from falling in love. Now her talent shines brighter than ever in an unforgettable tale about young love meant especially for younger readers.

Summer never meant to lie. She just wanted to keep the most perfect guy she ever met interested in her. She had been surprised when David began hanging out with her every day...and dizzy with happiness when he kissed her. David seemed to like her unconventional Irish family, even her eccentric Grandpa. Everything was going great -- until Ann entered the picture. She collected boys like trophies. How could Summer compete with someone like that?

Before she knew it, Summer was boasting to David about her passion for long-distance running. She never dreamed he'd enter them in a six-mile race. Summer dreaded the moment when he would discover the truth: she couldn't run six blocks. And the flirtatious Ann was already working on David. Then Summer's Grandpa came up with a plan that was just crazy enough to save the day....

Editorial Review

From School Library Journal

Grade 6-9-In this light romance, 15-year-old Summer falls hard for athletic, preppy David; loses him to an unworthy, manipulative female foe; and then wins him back. The twist here is the dilemma that arises when Summer tries to impress David by overstating her running experience and is found out. With the encouragement of her grandfather, she trains for and competes in a major race even after her romance has soured. The plotting is predictable and the dialogue clichéd: Summer's rival bats "her eyelashes furiously." Other characters seem made-to-order, such as Summer's cute three-year-old brother and her eccentric but lovable grandfather. The teen males are easily manipulated and never seem to struggle with the issues of self-image faced by the other sex. But why quibble? Meaningful values are imparted: Summer learns the importance of honesty and effort while building self-esteem and confidence in her running ability. By the end of the novel, her ties with her family are reinforced and her relationship with David is secure. Though flawed, this is a respectable entry in a genre that is popular among female teen readers.

Gr. 7^-9. A popular adult romance novelist tries her hand at writing for young adults. In this undemanding but engaging result, Summer falls in love with a boy she meets at a church hall where her grandfather plays bingo. Garwood uses lots of dialogue to keep things moving as the conflict develops. When David meets an attractive new girl, Summer becomes insecure and invents a lie about being a long-distance runner. Predictably, the lie leads to trouble: David registers himself and Summer for a six-mile charity race. The plot, which is filled with typical teenage circumstances, verges on the preposterous, but it is saved by Garwood's portrayal of the characters' caring relationships and the fact that she doesn't let Summer take the easy way out. *Shelley Townsend-Hudson*
