Black and White Interior Aquascaping is a fascinating hobby that has evolved over centuries. The idea of making an environment that supports life and is aesthetically appealing is an exciting quest for many people. Technology has evolved to support more species, in cleaner and longer lasting environments. This book will give you the facts to start your own aquarium and learn aquascaping freshwater and salt water tanks, from styles and design to set up with planting, lighting, substrates, coral, and ornaments, including live rock. You will also gain the knowledge of the nitrogen cycle and water testing for aquarium maintenance.

### **Editorial Review**

#### **About the Author**

Moe Martin is a photographer who is also interested in many animals - including aquarium-dwellers. He decided to marry his two interests when he discovered Aquascaping. This idea of art and animal life intertwined has had him hooked on the aesthetic nature of the hobby. Moe is also the lover of all animals, and has more than he can count of the 4-legged variety, all the way down to fish. He lives on a small acreage with his two children and hopes they carry on educating others on the fascinating animals discovered along the way.

### **Users Review**

#### **From reader reviews:**

##### **Catherine Ng:**
