Hollow City: The Second Novel of Miss Peregrine's Peculiar Children By Ransom Riggs

Read the sequel to the *New York Times* #1 best-selling book. The movie adaptation of *Miss Peregrine's Home for Peculiar Children* is now a major motion picture from visionary director Tim Burton, starring Eva Green, Asa Butterfield, Ella Purnell, Samuel L. Jackson, and Judi Dench.

Bonus features:

- Sneak preview of the third Peculiar Children novel
- Exclusive Q&A with Ransom Riggs
- Never-before-seen peculiar photography

Like its predecessor, this second novel in the Peculiar Children series blends thrilling fantasy with vintage photography to create a one-of-a-kind reading experience.

September 3, 1940. Ten peculiar children flee an army of deadly monsters. And only one person can help them—but she's trapped in the body of a bird. The extraordinary journey that began in *Miss Peregrine's Home for Peculiar Children* continues as Jacob Portman and his newfound friends journey to London, the peculiar capital of the world. There, they hope to find a cure for their beloved headmistress, Miss Peregrine. But in this war-torn city, hideous surprises lurk around every corner. And before Jacob can deliver the peculiar children to safety, he must make an important decision about his love for Emma Bloom.

Editorial Review

Amazon.com Review

An Amazon Best Book of the Month, January 2014: In *Hollow City*, Ransom Riggs continues the story that mesmerized readers in *Miss Peregrine's Home for Peculiar Children*. With their island home compromised, and Miss Peregrine trapped in her bird state, Jacob and the other peculiars flee into the larger world and find themselves in war-torn 1940's London. On those broken streets, with "blackened windows staring like lidless eyes," Jacob learns to trust himself, finds comfort in belonging, and falls over the precipice into love. As in his earlier novel, *Hollow City* is filled with eerily fascinating vintage photographs, and like a seasoned magician Riggs seamlessly incorporates them into a story already so well established in many ways that such a feat seems remarkable.--Seira Wilson

From School Library Journal

Gr 8 Up—This harrowing tale picks up right where *Miss Peregrine's Home for Peculiar Children* (Quirk, 2011) left off: having narrowly escaped wights and hollowgasts (monsters), Jacob, Emma, and their group of peculiars (young mutants, à la the X-Men, with a dash of time travel abilities) are on the move to London to find a cure for their headmistress Miss Peregrine who has been trapped in her bird form, but time is running short. Moving through time loops, they meet a menagerie of characters who help them along the way, but danger lurks at every corner, and horrors are not far behind. Even if the teens reach London alive, will it be enough to save Miss Peregrine from an ornithological fate? This book is perfectly paced, suspenseful, and scary. It is dark and dreadful but also humorous and touching. The peculiars are intriguing, each with fascinating powers, such as invisibility or premonition. They play off of one another's strengths and weaknesses, which progresses the story and further develops the characters. And of course there is the book's main attraction: the found vernacular photography, vintage pictures that Riggs has collected from flea markets and archives. The quirky and creepy snapshots perfectly illustrate the characters and settings, reinforcing the dark atmosphere of the narrative. New readers of the series will find this novel a treat and will be able to sift through summaries of previous events to place themselves in the story. Fans of the first title will find this book a treasure. The only downside: waiting for the third installment to find out what happens to Jacob and his peculiar friends.—Billy Parrott, New York Public Library

From [Booklist](#)

Hard on the heels of Riggs' first hugely successful effort, *Miss Peregrine's Home for Peculiar Children* (2011), comes this equally creepy sequel, which picks up where the first book left off. Jacob and the 10 peculiar children are now headed to war-torn London (the year is 1940), desperate to find a way to release Miss Peregrine from the spell that has trapped her in the body of a bird. But the doughty band is headed into terrible danger, for the metropolis is overrun by evil wights and their minions, the fiendish hollowgasts. Together, the villains have imprisoned all but two of the surviving ymbrynes: the missing Miss Wren and the transformed Miss Peregrine. Can Jacob and friends find the former, and can she then help them? Ah, therein lies the tale. Like the first volume, this one is generously illustrated with peculiar period photographs that capture and enhance the eerie mood and mode. Fans will be pleased with this second volume and downright delighted to know that a third in the series is in the offing. Grades 6-9. --Michael Cart
