Phlebotomy: A Competency-Based Approach, 3rd Edition By Kathryn A. Booth, Lillian Mundt

The third edition of Phlebotomy: A Competency-Based Approach was designed to provide a complete introduction to the practice of phlebotomy, with complete coverage of safety procedures, equipment, point-of-care testing, and other skills. The textbook speaks directly to students and encourages them to identify and apply the concepts learned.

The text focuses on “need-to-know” information, and explains the reasoning behind the clinical information for a well-rounded and practical learning experience.

It is suitable for phlebotomy certification programs, medical laboratory technician programs, medical assistant programs, and even independent and distance learning courses.

Editorial Review

About the Author

Kathryn A. Booth, RN-BSN, RMA (AMT), RPT, CPhT, MS is a registered nurse (RN) with a master's degree in education as well as certifications in phlebotomy, pharmacy tech, and medical assisting. She is an author, an educator, and a consultant for Total Care Programming, Inc. She has over 30 years of teaching, nursing, and healthcare experience that spans five states. As an educator, Kathy has been awarded the teacher of the year in three states where she taught various health sciences, including medical assisting in both a classroom and an online capacity. Kathy serves on the AMT Examinations, Qualifications, and Standards committee, as well as the advisory board for two educational institutions. She stays current through working at various practice settings as well as obtaining and maintaining certifications. Her larger goal is to develop up-to-date, dynamic healthcare educational materials to assist her and other educators and to promote healthcare professions. In addition, Kathy enjoys presenting innovative new learning solutions for the changing healthcare and educational landscape to her fellow professionals nationwide.

Lillian A. Mundt, EdD, MLS(ASCP)SH, LMT(NCBMT) is a medical laboratory scientist, massage therapist, curriculum designer, and author. Her background includes a bachelor's degree in medical technology, a master's degree in health professions education, and a doctorate in educational leadership. For over 30 years, she has developed and taught phlebotomy programs, clinical laboratory science programs, and graduate programs at both hospital and university-based institutions. She has authored and developed course materials used in online continuing education programs for colleges and universities, as well as online continuing education companies. In addition, Dr. Mundt has authored several articles for professional journals; a text for Lippincott, Williams, and Wilkins; and a dissertation. Dr. Mundt has presented at local, state, and national conventions since 1994. Her current focus is on developing educational materials for medical laboratory science and health professions education. She remains current in both her professions by maintaining employment as a Medical Laboratory Scientist (MLS) as well as by developing and teaching courses on a contractual basis.

Users Review

From reader reviews:

Guadalupe Leatherman:

Playing with family in a very park, coming to see the sea world or hanging out with good friends is thing that usually you may have done when you have spare time, subsequently why you don't try matter that really opposite from that. One activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love Phlebotomy: A Competency-Based Approach, 3rd Edition, you may enjoy both. It is fine combination right, you still want to miss it? What kind of hang type is it? Oh seriously its mind hangout fellas. What? Still don't buy it, oh come on its named reading friends.

George Privette:

In this period of time globalization it is important to someone to obtain information. The information will make someone to understand the condition of the world. The condition of the world makes the information quicker to share. You can find a lot of recommendations to get information example: internet, magazine, book, and soon. You will observe that now, a lot of publisher that print many kinds of book. The book that recommended to your account is *Phlebotomy: A Competency-Based Approach, 3rd Edition* this book consist a lot of the information from the condition of this world now. This kind of book was represented how do the world has grown up. The language styles that writer make usage of to explain it is easy to understand. The writer made some study when he makes this book. That is why this book ideal all of you.

Scott Schiller:

As a pupil exactly feel bored in order to reading. If their teacher inquired them to go to the library or to make summary for some guide, they are complained. Just very little students that has reading's soul or real their hobby. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that reading through is not important, boring and can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this *Phlebotomy: A Competency-Based Approach, 3rd Edition* can make you sense more interested to read.

Marie Miles:

Reserve is one of source of information. We can add our information from it. Not only for students but also native or citizen need book to know the up-date information of year to year. As we know those ebooks have many advantages. Beside we all add our knowledge, could also bring us to around the world. With the book *Phlebotomy: A Competency-Based Approach, 3rd Edition* we can acquire more advantage. Don't one to be creative people? To get creative person must choose to read a book. Simply choose the best book that ideal with your aim. Don't always be doubt to change your life by this book *Phlebotomy: A Competency-Based Approach, 3rd Edition*. You can more inviting than now.
