### Seed By Ania Ahlborn

With nothing but the clothes on his back—and something horrific snapping at his heels—Jack Winter fled his rural Georgia home when he was still just a boy. Watching the world he knew vanish in a trucker’s rearview mirror, he thought he was leaving an unspeakable nightmare behind forever. But years later, the bright new future he’s built suddenly turns pitch black, as something fiendishly familiar looms dead ahead.

When Jack, his wife Aimee, and their two small children survive a violent car crash, it seems like a miracle. But Jack knows what he saw on the road that night, and it wasn’t divine intervention. The profound evil from his past won’t let them die...at least not quickly. It’s back, and it’s hungry; ready to make Jack pay for running, to work its malignant magic on his angelic youngest daughter, and to whisper a chilling promise: *I’ve always been here, and I’ll never leave.*

Country comfort is no match for spine-tingling Southern gothic suspense in Ania Ahlborn’s tale of an ordinary man with a demon on his back. *Seed* plants its page-turning terror deep in your soul, and lets it grow wild.

## **Editorial Review**

### **From Booklist**

"Incorporating elements from such genre classics as *The Exorcist*, *Poltergeist*, and *Bad Seed*, but telling its own story, this horror novel contains moments of genuine terror that should stick with readers long after they've finished the book. The story seems simple enough: Jack and his family (wife Aimee, daughters Abby and Charlie) survive a car accident, but afterward, six-year-old Charlie seems to change, to take on a new and frightening personality. Aimee struggles to understand what's going on with her little girl, but Jack already knows: the horror that came to him when he was a child has found him again. Ahlborn doesn't pull any punches here, delivering a story that is atmospheric and brutal, with an ending that is absolutely correct and absolutely horrifying. Genre fans should be enthusiastically pointed in this novel's direction."

— David Pitt

### **Review**

"Seed is great horror—a dark, fearless, unflinching blast of suburban spookiness that reminded me of early Stephen King. It's easily the best debut novel—in any genre—that I've read in years."

--Blake Crouch, bestselling horror and thriller author.
