Shorter Oxford English Dictionary: Sixth Edition By William R. Trumble

The sixth edition of the Shorter Oxford English Dictionary is updated, enlarged and enlivened with new words, new definitions, revised illustrative quotations--and a fully customizable CD-ROM.

If the 20-volume Oxford English Dictionary is the mother of all dictionaries, the Shorter is its most accomplished offspring. At a fraction of the price, the Shorter offers much of the same content, and provides the same quality of lexical excellence as its parent dictionary.

No other dictionary comes close to the Shorter's range and depth. It offers over 500,000 definitions covering virtually every word or phrase in use in the English language--worldwide--since 1700. Each entry identifies a word's various meanings, origins, part of speech, pronunciation, and presents combinations in which the word is often found as well as cross-references to related words. The Shorter offers a historical and literary approach made famous by the OED, which no competitor can match.

Now with 2,500 new words and meanings based on the ongoing research program of Oxford Dictionaries and the Oxford English Corpus, the Shorter is fresher than ever. Some of the new words included in this edition are; Afrobeat, carbon-neutral, darknet, heaviosity, impactful, knuckle-dragger, nanomaterial, retro-futurist, smoosh, testosteronic, webinar, and thousands more. Also new to this edition is a never-before-published, introductory essay by language commentator David Crystal on the History of English providing stimulating insight into the development of the English language.

Editorial Review

Amazon.com Review

In hardcover it takes up two thick volumes, but on CD-ROM you get the same 7.5 million words of text (with half a million definitions and 83,000 quotations) on a thin compact disc. The computerized *New SOED* is a great pleasure. It readily accomplishes the simple task of looking up a word, providing definition, usage, and simple etymology. But the program also searches by anagram and by rhyme, by quotation and by etymology. Perusing the headword group is like flipping the pages. In this fashion, I ran across "nesh" (soft-- in consistency, mind, or morals), "convell" (refute completely) and "xoanon" (primitive carved statue of a deity). My Scrabble game is getting less nesh all the time. --*Stephanie Gold*

From Library Journal

The contents of this disc match that of its print counterpart of the same name (edited by Lesley Brown, 1997). Having said that, it's hard to believe this is a "shorter" dictionary: there are 7.5 million words on the disc, 500,000 definitions, and 83,000 quotations to illustrate meanings in context. You can approach these words in four ways: simple search (type in your word for a definition), index search (to look for headwords, derivatives, abbreviations, phrases and compound words, uses and references, and other word forms), full-text search (to search all text, etymological text, definitions, or quotations), and special search (to search for anagrams, rhymes, and phonetics). It may take a bit of hunting under those four groups to find a form-specific search that suits, but how remarkable that Oxford has made it possible within just two levels of looking. Nice features include two wildcards (* and ?) that work at the beginning, end, or middle of words, as well as a link feature that lets you use the dictionary within several word processors such as MS Word for Windows 6 and 7, WordPerfect 6.0 and 6.1, and Ami Pro 3.1. Bottom Line: What's extraordinary about this disc is how well it will serve all types of users, from those with the most casual reference question to the scholarly student of the English language. It is highly recommended for all types of libraries and personal collections.

Review

`Review from previous edition The Shorter demands a shelf, but one very close to the desk of anyone who cares about words.

Daily Telegraph

`The Shorter is the Matterhorn to the great OED's Everest - elegant, awesome and marvelous to behold, differing only in size. A stupendous achievement.

Simon Winchester, author of *The Professor and the Madman*

`It may be difficult to carry, but not to read

Erich Segal, *Times Literary Supplement*

`It must be difficult trying to come up with a bright marketing technique to sell the fifth edition of the Shorter Oxford English Dictionary ...but the OUP seems to have managed it. On the box housing the two volumes of this mighty enterprise is a picture of a white-bearded gentleman in a

cloak who, at first blush, appears to be J. K. Rowling's Albus Dumbledore. However, it is Sir James Murray (1837-1915), the first Editor of the real, 21-volume Oxford English Dictionary, of which the Shorter is an honest abridgement. More than half a million definitions are presented in clear type, set big enough for all but the most long-sighted.

Chris Campling, Times

` . . . truly a dictionary of global English.

Sydney Morning Herald

`Even at a fraction of its original bulk, the premier collection of English words manages to squeeze in over a third of the original's content, including its hallmark: minute etymological details.

US News and World Reports

`The Shorter is a mine of information'
Toronto Star

` . . . astonishingly good value . . . the new SOED is all that one would expect of it.

Keith Waterhouse, Daily Mail

`It is a dictionary with zest . . . a rare treasure.

Frank Devine, The Australian

`The Shorter Oxford English Dictionary redefines hip.

The New York Post

From reader reviews:

Cheryl Stone:

Book is to be different for each and every grade. Book for children until finally adult are different content. As it is known to us that book is very important usually. The book Shorter Oxford English Dictionary: Sixth Edition was making you to know about other understanding and of course you can take more information. It is quite advantages for you. The e-book Shorter Oxford English Dictionary: Sixth Edition is not only giving you considerably more new information but also being your friend when you experience bored. You can spend your current spend time to read your publication. Try to make relationship together with the book Shorter Oxford English Dictionary: Sixth Edition. You never experience lose out for everything if you read some books.

Jacqueline Harding:

Do you one of people who can't read satisfying if the sentence chained within the straightway, hold on guys that aren't like that. This Shorter Oxford English Dictionary: Sixth Edition book is readable by you who hate the straight word style. You will find the details here are arrange for enjoyable reading experience without leaving possibly decrease the knowledge that want to deliver to you. The writer associated with Shorter Oxford English Dictionary: Sixth Edition content conveys thinking easily to understand by most people. The printed and e-book are not different in the content material but it just different available as it. So , do you continue to thinking Shorter Oxford English Dictionary: Sixth Edition is not loveable to be your top checklist reading book?

Jeffrey Ramsey:

Reading a book can be one of a lot of activity that everyone in the world really likes. Do you like reading book consequently. There are a lot of reasons why people love it. First reading a guide will give you a lot of new info. When you read a guide you will get new information because book is one of several ways to share the information as well as their idea. Second, reading a book will make you more imaginative. When you reading a book especially fictional works book the author will bring you to definitely imagine the story how the character types do it anything. Third, you may share your knowledge to other individuals. When you read this Shorter Oxford English Dictionary: Sixth Edition, you may tells your family, friends as well as soon about yours reserve. Your knowledge can inspire average, make them reading a e-book.

William Kozak:

This Shorter Oxford English Dictionary: Sixth Edition is great guide for you because the content that is certainly full of information for you who always deal with world and possess to make decision every minute. This specific book reveal it details accurately using great coordinate word or we can declare no rambling sentences in it. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only gives you straight forward sentences but tough core information with wonderful delivering sentences. Having Shorter Oxford English Dictionary: Sixth Edition in your hand like keeping the world in your arm, info in it is not ridiculous one. We can say that no e-book that offer you world in ten or fifteen minute right but this e-book already do that. So , this really is good reading book. Hi Mr. and Mrs. active do you still doubt in which?
