## Successful Project Management: Develop Effective Skills, Manage the Risks, Use Tried and Tested Techniques (Sunday Times Creating Success) By

Trevor L. Young

The role of project manager requires maintaining a balance between the demands of the customer, project, team and the organization. This provides a real challenge in the fields of time management and prioritization.

*Successful Project Management* will enable any manager to significantly raise the probability of success with their projects and contains practical and well-tested techniques. It covers project conception and start-up, managing project stakeholders, managing risks, project planning, project launch and execution, closure and evaluation.
