## Way of The Wolf: Book One Of The Vampire Earth By E.E. Knight

Louisiana, 2065. A lot has changed in the 43rd year of the Kurian Order. Possessed of an unnatural and legendary hunger, the bloodthirsty Reapers have come to Earth to establish a New Order built on the harvesting of enslaved human souls. They rule the planet. They thrive on the scent of fear. And if it is night, as sure as darkness, they will come.

On this pitiless world, the indomitable spirit of mankind still breathes in Lieutenant David Valentine. Brought into the special forces of The Wolves—an elite guerilla force sworn to win back Earth—this is Valentine’s first command in the Kurian Zone. Driven by the losses of his past and the hope of a future, Valentine is in it to win. No matter how long it takes. No matter what doom of fate awaits him beyond his wildest nightmares.

Fight. Kill. Survive.

This is the way of The Wolves.

“If *The Red Badge of Courage* had been written by H.P. Lovecraft.”—Paul Witcover, author of *Waking Beauty*

### **From the Author**

"The history of Vampire Earth is something I've worked on for about eight years. The world is a stew containing ingredients from all the pulp influences of my youth: R. E. Howard's Conan, H. P. Lovecraft's erudite heroes, C. S. Forester's Horatio Hornblower, and Louis L'Amour's tough Apaches and Western villains. As I grew older I learned to appreciate Tolkien and Lewis, Bradbury and Heinlein. If imitation is the sincerest form of flattery, then I'm flattering those and many others with my milieu. One interesting thing I discovered in my research is that many cultures have vampire legends, not just European ones as described in Stoker's Dracula. The creatures I describe come from many of these sources, as well as my own imagination. I hope that readers will enjoy experiencing my work as much as I enjoyed creating it." – E. E. Knight
